

On This Side Of The Sun

By Phat

BE CAREFUL — "Last week you bemoaned the vanishing ice-pick, saying it would have been so handy to punch holes in this belt-tightening process we face," pens a subscriber. "But did you stop to think—supposing the pick slips and you ruin your belt. Where's the leather coming from for a new one?" Well, we could always use string—if we had the string. . . . Another Villager says congress should heed that quotation: "to err is human, to forgive, divine." They make plenty of mistakes but they could rise to the heights on the 1942 taxes.

EXPANDING—When the New Deal pronounced its program of looking out for us from the cradle to the grave, most people figured that about covered everything. But they didn't know the New Deal. A WPB order will take care of us even after death. It limits the size of coffins to 6 feet, 3 inches. But the short, fat man needn't laugh at the tall man. Height and width of caskets will also be regulated. Food rationing may, however, take care of the latter. . . . Hitler is reported ready to start gas warfare says news commentators. What else has he been doing for the past ten years?

AN IDEA—"The other night I received an emergency call which necessitated a 50 mile trip. I had barely a gallon of gas but sufficient coupons for more. It was about 8:30 and there wasn't a gasoline station open in the Village. Why wouldn't it be smart for local stations to get together and sort of stagger their hours so that one, at least, would be open until 10 p. m. or so?" asks a winter visitor here. Well, why wouldn't it? . . . California produces 46 per cent of the total United States production of fruits and nuts and 22 per cent of the total vegetable production, writes a state statistician. I don't know about the fruits and vegetables but the figure on nuts seems an understatement.

NO FOOLING—Assemblyman Glenn Armstrong of Redlands doesn't want the public to be fooled on horse-meat. When you order beef stew in a restaurant, it's got to be beef, not equine stew. His bill which provides that horse-meat must be labeled as such on menus and in butcher shops, passed the assembly and is now before the senate. . . . A lot of people have been fooled by horse flesh at Santa Anita and Armstrong doesn't want that to happen in a restaurant. . . . Boston people say that if you haven't tried horse meat, you've missed a good bet.

FEED BOX TIP—Here's a suggestion for some cafe owner which he may have free: When horse meat becomes the rage he could list his best dish on the menu under the heading of "Today's Best Bet" and the doubtful ones could be grouped under "Today's Longshots." Also he could mention the day's best parlay which could be, for instance, ice cream on to apple pie. . . . Any dishes that ran out before the day was done could be marked "scratched." . . . And I suppose when one fly was shoofed off the plate and another immediately landed, it would be a "jockey change." Every meal would probably be \$6 across the board.

GOOD IDEA—Said a Villager Wednesday as he slipped his donation to the state franchise tax collector, polite name for income tax man, through the slot at the post office: "If I could only keep my federal and state income tax (Continued on page Seven)

Many Items of Business Transacted By School Board in 3-Hour Meeting

In a session lasting three hours, the High School Board of Trustees considered 22 items of business at its regular April meeting held Tuesday evening in the high school office.

The board arranged details of the school trustees election to be held on May 21, checked accounts in line for payment, heard routine reports, authorized Principal E. E. Oertel to attend the State High School principals conference to be held in Hollywood April 19, 20, 21, and discussed school policies relating to graduation standards and school attendance.

PROBLEM DISCUSSED

The issue of recommending select junior students for admission to university or college confronted the board Tuesday evening because several undergraduate students have accepted college entrance offers conditional upon the high school principal's recommendation of transfer from junior

class status to Freshman standing in university.

The board decided that it will not be the policy of Palm Springs High School to recommend the undergraduate students for college or university entrance until they have completed satisfactorily the 200 units required locally for a high school diploma. The board held that if colleges and universities now making bids for undergraduate high school students wish to register such students, they can do this on their own responsibility without our recommendation from the high school, and without benefit of a high school diploma. (Continued on page Seven)

Work Sta. This Week on Housing For War Workers

Announcement was made this week by the federal public housing authority that a contract had been let to build dormitories to provide 150 living units for war workers in Palm Springs.

Successful bidder was O. L. Carpenter of San Diego. His bid was \$61,972.

Ground was broken for the buildings this week on Paseo El Mirador. Actual construction will be under way this week-end, it was believed.

The dormitory hotel, to be built in two or three building units, will house women war workers here.

150 Soldiers To Be Guests At City Picnic

Plans for the big community picnic to be given tomorrow night in the Mashie Court, back of the Desert Inn, at which 150 soldiers from Camp Young will be the special guests, were being completed today and a large crowd is expected to be assembled at 6 p. m. on the site.

Each family, or if several families are planning to take their supper together, are asked to provide sufficient extra food and tableware for several servicemen.

ALL ARE WELCOME

"Everyone is welcome and is urged to have a part in making this evening long to be remembered by 150 of the boys in the service of our country," said Dr. J. R. Macartney, pastor of the Community church, which launched plans for the picnic following a visit of Camp Young chaplains to the Village a week ago Sunday.

Villagers who have not yet reported the number of soldiers they would like to have as their guests at the picnic are urged to notify Mrs. Gordon D. Nicholson, telephone 6432, at once.

PLAN ENTERTAINMENT

The Community church will provide coffee and ice cream.

After the picnic supper there will be a community sing and entertainment.

Arrangements have been made to erect a portable screen in the outdoor setting and two outstanding films have been obtained for showing that night.

Besides, there will be other entertainment features.

Poor Dodo Is All Dressed Up But Has Not a Place to Go

"Dodo" is all dressed up with no place to go—

But if the owner of "Dodo" will get in touch with Mrs. Robert Haynes of 155 North Prescott drive, "Dodo" can at least go home.

Mrs. Haynes found him (or her, as the case may be) waddling along the road near her home. "Dodo" is a turtle, about ten inches long, but what makes him (or her, again as the case may be) stand out from other turtles is the bright red paint on the back of the shell with a strip of aluminum paint making a neat trim along the edges. On the back is printed the name "Dodo."

At present the turtle is in the fenced-in yard of a neighbor. Mrs. Haynes put him (or her, etc.) there to discourage him (etc.) from wandering into the streets and becoming a traffic casualty.

U. S. Indian Officer Plans Clinic Here

Dr. W. J. Zach of the United States Indian service will be at the Palm Springs health center, 299 East Amado road, Wednesday of next week, April 21, to conduct a health clinic for the Indians here.

Ban Placed On Washing Sidewalks

City Acts After
Many Protests
Are Handed In

Because of many complaints from Villagers and guests, filed with the department of public works, sidewalk washing will end in Palm Springs within five weeks. An ordinance prohibiting the use of water "under pressure" to wash off sidewalks and streets was given first reading by city council at its meeting last Wednesday night.

Ray Sorum, director of public works, said that the measure was the result first, of the many protests from pedestrians that they were being given "shower baths" by careless sidewalk washers; second, because of the debris washed into the gutters after the city street cleaners had been by, nullifying their work, and third, because the constant pool of water which gathered in low spots, preventing pavement repair and construction of adequate drains at the south end of the city.

EFFECTIVE IN MAY

The measure will be presented council for passage at its meeting next Wednesday and will be effective 30 days from that date.

After that, sidewalks must be swept with a broom.

"But there is nothing in the new law which will prevent using a mop on the walks," said Mr. Sorum.

Flushing off of sidewalks up and down Palm Canyon drive each morning sent a torrent down the gutters which gathered at a low spot at Arenas road and then ran east to Indian avenue. It resulted in a constant lake at the corner of Arenas road and Palm Canyon drive which health authorities termed a menace.

HAMPER REPAIRS

The flushing operations start after the street sweepers have done their work and the piled-up debris is scattered and swept down the drive by the water.

The pavement, being constantly wet, cannot be repaired and attempts to improve drainage facilities at the south end of the city have been thwarted because of the pond formed each morning.

NO TRASH IN GUTTERS

The new law will also prevent washing automobiles in such a manner that the waste water is allowed to run into the gutters.

It also prohibits sweeping trash into the gutters.

In this connection, Mr. Sorum called attention to an existing city law which prohibits dumping of rubbish in the streets not only in the business, but also in residential districts.

SPEND MONTH HERE

Enjoying a delightful vacation at Casa de Beverly are Mr. and Mrs. James Ings of Downey and Mr. Ings' mother, Mrs. Catherine Ings of Boston.

Rules for Covering War News Changed, Too, Says United Press News Manager

"As far as covering the present war goes, tear up all the rule books," says Ronald Wagoner, United Press division news manager, who is at The Desert Inn for a well deserved rest from the news bureau in San Francisco.

In World War I the battle-lines were established and press men had their base headquarters set up, but in the present conflict, the communications set up changes as fast as the battle lines.

COMMON PROBLEM

A common predicament of the present war correspondent is to find himself with a story in his pocket and not be able to find a censor to clear it. The old game of trying to beat the censor just isn't being done any more. In this war the news men do not try to outwit the censors but to gather news with the least amount of friction between the news and censor. The newspapers at (Continued on Page Six)

Village Trailing In Big Bond Drive

PALM SPRINGS GIVEN—George Strebe presents Carl Haymond with a check for \$1100, the contribution of theater patrons to the Red Cross War Fund which netted more than \$18,000 in Palm Springs in the recent drive.

National Head Of Girl Scouts Is Guest Here

The part to be played by Girl Scout organizations in a program of arts and crafts for war wounded in army and navy hospitals, was discussed at a meeting in Palm Springs Friday when national and local leaders met at luncheon at the Desert Inn.

Mrs. Alan H. Means, national president of Girl Scouts, and Mrs. Giles Whiting, national chairman of arts and crafts for the Girl Scouts, were distinguished visitors in the Village last week and while here, met with Mrs. Betty Davidson, Palm Springs coordinator for "Art in National Defense," Mrs. Irving Snyder, Mrs. Noble Banks, Mrs. Frank Roberts, Mrs. William Dean and Mrs. George McCulloch.

Following the luncheon, the party visited the Torney General hospital to observe the arts and craft work being carried on there at the present.

Mrs. Means and Mrs. Whiting were guests at the Desert Inn while here.

Earl Gray Undergoes Surgical Treatment

Earl Gray, of the Royal Palms hotel and the Rainbow room, is in a hospital at Culver City, recovering from an operation performed earlier this week.

He is reported recuperating nicely and expects to be back in the Village in two weeks.

Palm Springs Leads County In Fund Drive

Palm Springs topped the county in the recent Red Cross War Fund campaign it was revealed at a meeting of the county chapter of the American Red Cross held at Riverside this week.

The quota for the Village was \$10,200 and the final check revealed that \$18,169 had been contributed. This is approximately 80 per cent more than was asked.

The county's quota was \$85,000 but with most cities exceeding

In a letter from Carl E. Haymond, chairman of the War campaign in Palm Springs, the *Desert Sun* was praised for its part in the drive. Wrote Mr. Haymond:

"May I extend my sincere thanks for the swell cooperation you offered the 1943 War Fund drive.

"Its success was due, in no small measure, to your grand publicity and again, may I say 'Thanks'."

their goals, the total contributed was \$124,022.51.

SELF SUPPORTING

Thirteen of the county's 15 branches were represented at the meeting which was held at the chapter's recently enlarged headquarters at the Mission Inn.

Mrs. Edith D'Eliscu, chapter chairman, presided at the meeting.

With one of the largest chapters in the country in point of area, and with Camp Haan, March Field, Camp Young, Camp Anza, Torney hospital at Palm Springs and the Naval hospital at Norco calling upon its services, the county organization has a budget of \$124,806. It would have had to have extensive help from national headquarters if the (Continued on Page Twelve)

Mrs. J. H. O'Reilly, USO Vice Chairman, Resigns Position

Mrs. James H. O'Reilly, who has served for the past few weeks as director and vice chairman of the Palm Springs USO, this week presented her resignation, due to ill health.

Mrs. O'Reilly plans to remain in Palm Springs until June. Col. James H. O'Reilly is expected to join her here at that time.

Although her health forced her to relinquish her official position at the USO, she plans to assist there as much as possible.

Real Work Still Ahead Is Warning

\$148,381.25 Total
Investments Up to
Wednesday Night

Palm Springs, as of Wednesday, April 14, was three-fourths of the way in its campaign to lend Uncle Sam \$207,404 to further the war effort but committeemen handling the drive, said the toughest part of the job was still ahead.

On Wednesday night, bond sales here had totalled \$148,381.25 but only the large investors had been accounted for. Between now and the end of the drive, efforts will be concentrated on the small buyer.

DISAPPOINTING SO FAR

Harold E. Murphy, chairman of the local drive which is in connection with the nation's Second War Loan, designed to sell 13 billion dollars worth of securities during the remainder of April, said that so far the number responding to the drive was disappointing.

Many who are able to invest have not yet been in, he said. The committee is working all day and far into the night on the drive and is not able to contact all who should be solicited.

SIMPLE PROCEDURE

He said the procedure was simple.

"All those who wish to invest need to do is to go to the Bank of America's bond window and make their application for bonds," he said. "Or they can go to the post office bond window. Service is courteous and prompt."

Harold Hicks, chairman of the Palm Springs War Savings committee, also sounded a plea to investors here.

NOT ONLY PATRIOTIC

Purchase of United States bonds is not only a patriotic measure, he said, but a sound investment in the safest securities.

"People who buy government issues now are not only helping their country. They are doing themselves a great service, not only in making a sound investment but in preventing inflation. They are making their country and themselves secure from outside and inside."

MAYOR'S STATEMENT

Mayor Frank V. Shannon issued the following statement in (Continued on Page Six)

Be Patriotic and Smart at the Same Time—Buy Bonds

Uncle Sam needs you and you need Uncle Sam.

Goal in the nation's Second War Loan is 13 billion dollars and Palm Springs' share in this campaign is \$207,404.

To date, \$148,381.25 has been invested in bonds.

Chairman Harold E. Murphy, of the local campaign, says the hardest part of the campaign lies ahead.

Money must come out of tin cans, from under the mattress and from ordinary savings accounts to go into U. S. bonds, he said. All an investor has to do is to go to the bond window at either the bank or the post office to make his application.

Chairman Harold Hicks of the War Savings committee here points out that is not only a patriotic duty but also a sound investment.

"Follow the 'smart' money," he urged Villagers.

Lt. Hawley Mills Awarded Medal at March Field Event

Lieut. Hawley Pierce Mills, son of LeRoy Mills of Palm Springs, Wednesday of this week was awarded the Air Medal at ceremonies at March Field for heroism in action in air combats over the Aleutians last September.

The medal was presented by Brig. Gen. Edwin M. Morris who came from San Francisco to make the presentation.

Mr. Mills was among the guests who witnessed the ceremony.

Lt. Mills, who was here for a brief visit before going to March Field a month ago, was cited for heroism in battle in the air over Kiska last September 14. On that day he took part in the first coordinated air attack on the Japanese positions in the Aleutians, flying with his squadron 500 miles through murky weather and storms to carry out a successful mission against the enemy. In combat he accounted for enemy airmen. All of the flyers returned safely from the attack which inflicted heavy damage on the enemy.

Dining at the Desert Inn one day last week: Gail Patrick of the films and Freeman Gosden, the Amos of Amos and Andy.

Movies of Nature Delight Audience At Fiesta House

A delightful evening of Nature Movies were presented at the Fiesta House of The Desert Inn Tuesday by Professor and Mrs. T. D. A. Cockerell of the Palm Springs Desert Museum.

One of the more popular of the series, "Peter," a story of a dog, was sent to the Queen of England who was so delighted with the film for the princesses that she sent a letter of appreciation and has since that time received other copies to use in entertaining the evacuated children of England.

Other films shown to a capacity audience in the Fiesta House were "Hummingbirds at Home" and "Migratory Birds—By the Thousands."

Professor and Mrs. Cockerell have sent many films to England for use in entertaining the evacuated children and have used their influence in persuading organizations and the Canadian government to add to the number of films shipped.

They are now adding to their collection of nature movies of the desert and animals found there and have a variety of interesting pictures to show at the Museum.

Fire Zone Measure Heard by Councilmen

First reading of an ordinance establishing fire zones within the city, to strengthen existing zoning and building regulations, was heard by city council at its meeting Wednesday night. The measure will come up for passage at the next meeting of the council.

April Will be Busy Month for Councilmen

April will be a busy month for Palm Springs city councilmen. With two meetings already held this month, council will meet again next Wednesday night, April 21.

Mr. and Mrs. Myron V. Wilson had for last weekend guests, Major and Mrs. Richard P. Hafner from Pomona. Mrs. Hafner is Mr. Wilson's daughter.

TORNEY HOSPITAL RED CROSS NOTES

A hobby show of articles made by patients in the Red Cross workshop was held last week in the lounge of the recreation building. More than 65 pieces of work appeared in the demonstration, and included belts, mats, pillow tops, model jeeps, planes, tanks and a variety of book-ends, trays, scrap books and other things made during the past few weeks.

Probably the most unique article in the show was a turkey caller, whittled out of a piece of red wood, by Private Russell who is from Arkansas, and wished to see if the California red wood was as good as his local wood for producing the caller for wild turkeys. A jeep, exact duplicate of the army variety, with a tiny motor under the hood brought much praise, while a pair of

book-ends, with designs burned into the wood, then colored and shellacked showed real artistic skill.

Hobby shows will be a regular part of the Red Cross recreation program for the patients, with plans now being made to hold one each month.

PATIENTS START SHOW

Patients at Torney General hospital will not miss having a regular Saturday night evening of fun, according to the recreational workers of the Red Cross staff. An amateur show put on by the patients themselves has been started, with the first show held last Saturday night. Piano music, dance acts, guitar, mandolin and old, down south hill-billy music all served to give the patients a real evening of entertainment.

No Riding on Rim Without Penalty, Edict of Council

City council took first steps to prevent "riding on the rim" by autoists whose tires have played out when it heard the initial reading of an addition to the city's traffic ordinance barring such practices.

The section, No. 25½, will be added to Ordinance No. 38, which regulates traffic here.

It prohibits any vehicle, equipped for rubber tires to travel on any Village highway or street without such tires or with tires in such shape that the rim makes contact with the pavement.

The ordinance was written at the request of Ray Sorum, director of public works, who said that, with the coming of warm weather which would soften the pavement mix, the practice of "riding on the rim" might ruin several of the city's streets.

Seven Hurt When Station Wagon and Tanker Collide

Seven persons were injured when a chartered station wagon and a tank truck figured in a rear end crash on Highway 99 near Garnet last Friday.

Six of the injured were soldiers, the seventh, the driver of the station wagon.

The soldiers, en route back to Camp Young, engaged a station wagon from the Mission Limousine Service of Loma Linda with Sam Chestnut as driver. Near Garnet their vehicle crashed into the rear end of the tanker which is owned by the Phoenix Wood and Coal company with Jake Kelly of Phoenix, driver. Kelly was not hurt.

Pvt. Harry James, Pvt. E. C. Stephenson and T4C Hans Indreli were brought here for treatment and T3C Fay E. Samson, Pvt. Bernet Cheak and Pvt. Barud Godfried were taken to another army hospital. Chestnut is in the Coachella hospital.

Attorney Eugene C. Therieau of Palm Springs was asked by the Loma Linda concern to investigate the accident.

Mary—You just can't trust anybody these days. Why, the grocer gave me a bad quarter in change today.

Jane—Let me see it.
Mary—Oh, I haven't it any more. I gave it to the milkman.

Guest: And what will you do, Mary Jane, when you get as big as your mother?
Little Mary Jane: Diet.

Harold C. West Is Named Assistant to Manager of Bank

Harold C. West has been promoted to assistant cashier and assistant to F. G. Ingram, manager of the Palm Springs branch, Bank of America, according to an announcement made today by A. J. Gock, vice chairman of the bank's board of directors.

West comes to Palm Springs from the bank's Orange branch, where he has been located for the past fourteen years, to fill the vacancy created by the promotion of Ingram to managership, following the advancement of J. Paul Russell to the assistant managership of the bank's important Santee-Textile branch in Los Angeles.

After graduating from Fullerton Junior College, West started with the bank as bookkeeper, and progressed steadily through various positions, being made an officer of the bank in 1937.

Mr. West was president of the Orange County chapter of the American Institute of Banking and also is president of the Orange Lions club.

"We are pleased to have West as a member of the Palm Springs staff," said Mr. Ingram. "His advancement carries out the bank's policy of promoting members within its own organization. He is thoroughly experienced in banking affairs, and takes a keen interest in civic activities, having been an officer and president of the Fullerton Junior Chamber of Commerce."

Put License Tabs On Cars as Soon As Received

Put your 1943 license plate tabs on your car as soon as you receive them from the Department of Motor Vehicles!

This request was made today to local vehicle owners by Gordon H. Garland, Director of Motor Vehicles. Although more than one half of all motorists in the state have received their tabs by mail from the department, thousands, Garland said, apparently have neglected to affix them to their license plates in accordance with instructions.

"The sooner people display their tabs, the sooner we will be able to clean up the 1943 license renewal," Garland explained.

The tabs should be bolted to the upper right hand corner of the license plate, preferably after the cover strip, used in 1942, has been removed, Garland said. Cover strips should be donated to the local scrap metal pile.

The tabs are being shipped out as rapidly as they are received from the manufacturers. Department officials anticipate it will be at least another month before all motorists have received their tabs.

We Did It Before AND We Can Do It Again

Palm Springs set its Own Quota at \$300,000 for February, but this Village went over the top nearly \$200,000, with total purchases of War Bonds—\$500,000 that month.

In March the Red Cross gave us a quota of \$10,000. In response the people of Palm Springs gave more than \$17,000.

NOW—in the Second War Loan Drive, the U. S. Treasury department has given us a quota of . . .

\$207,404

For the Period from April 12 to 30

We are confident that Palm Springs will over-subscribe this quota just as it did the February Bond quota and the March Red Cross quota.

We Have Never Failed Before . . .
We Will Not Fail Now!

Member of State Board Is Honored At Dinner Affair

Mr. and Mrs. Pat Patterson were hosts at a party at The Desert Inn given to entertain Mr. and Mrs. William Bonelli of Los Angeles, Mr. and Mrs. Merle Templeton of Los Angeles, and Mr. and Mrs. Brud Shay of San Bernardino.

Mr. Bonelli, fourth district member of the state board of equalization, is on an inspection tour of army camps, conferring with army officials on problems connected with the state liquor laws, enforcement of which is in his hands.

The state board member found local police officials, city officials, army provost marshal officers and the state board of equalization in full cooperation in enforcement of alcoholic beverage regulations in connection with army personnel.

Mr. Shay is head of the board office at San Bernardino.

Mr. and Mrs. Rose Dinner Party Hosts

Mr. and Mrs. Frederick Rose entertained at The Desert Inn Saturday evening for Mrs. Robert L. Hendry and Staff Sergeant and Mrs. Richard Franklin Looney. Sgt. and Mrs. Looney are house guests of Mr. and Mrs. Rose.

Torney Red Cross Staff Entertains In Honor of Two

The staff of the Red Cross at Torney General Hospital entertained at The Desert Inn Thursday evening in honor of Mrs. Dickie Hawks and Mrs. Walter McManus in appreciation of their work at the hospital.

Representing the staff at Torney were Miss Ruth Thomas, field director of the Red Cross, Miss Jane Newman, Miss Vera Wilkeson, Mrs. Sylvia Ladar, Mrs. Ruth Hurd, Miss Estelle Booth and Miss Jean Walsh, who is visiting from Alameda.

Newlyweds Honored Guests at Dinner

Monday evening at The Desert Inn, Earl Coffman entertained a group of friends in the Spanish Room.

Honor guests were newlyweds Mr. and Mrs. J. K. McElwayne, USNR, the former Elvina Pumphrey.

Others included Mrs. W. D. Long, wife of Lt. Col. Long, Mr. and Mrs. Glen Fawcett, USNR, Miss Dorothy Hinch, Miss Jane Dailey, Harold Riordan and Ronald Wagoner.

Mr. and Mrs. Piersen Entertain at Dinner

Mr. and Mrs. David Piersen of Aurora, Illinois, gathered together a group of friends at The Desert Inn for Sunday dinner.

Included in the party were Mrs. Lester G. Bradley, Mrs. George Macaulay, Mrs. Noble Banks, Mrs. Joy Love, Mr. and Mrs. Albert Love and children, Susan and Richard, and Mr. and Mrs. Alfred Cole and daughter Joan.

Major Fleet Host At Dinner Affair

Sunday evening at The Desert Inn found Major R. H. Fleet of Consolidated Aircraft gathering a group of friends together for dinner.

In the party were Mr. and Mrs. Lester G. Bradley, San Diego publisher, Mr. and Mrs. Walter Staiffhaas of Chicago and Mr. H. G. Hotchkiss, past president of the Chamber of Commerce in San Diego.

Mrs. W. E. Stuart entertained Mrs. Mary Hughes Radford and Mrs. John S. Pardee at Friday luncheon at The Desert Inn.

Pay Telephone Bills before the 30th and receive your discount.

Club Season Will End Next Monday In Celebrity Tea

BY MARTHA FORWARD

The program committee of the Palm Springs Woman's Club Wednesday announced a "Celebrity Tea" as the last program of the club year, on Monday, April 19, at the clubhouse, 314 South Cahuilla Road, at 2:30 o'clock, when three people of rare distinction in the artistic and cultural world, Ruth Cornell Fuller, Henrik de Boer, and Anthony Euwer, will give a program of literature, music and poetry.

Ruth Cornell Fuller, who will review "Mrs. Parkington," by Louis Bromfield, has a unique and unusual background of traditional culture, having secured her early education traveling in the South Seas, living in Hawaii, Pago Pago, New Zealand and Australia. She studied in an English school and during her high school and university years in California, she majored in Literature and Dramatic Art.

DIFFERENT REVIEW

Her father was a member of the Ezra Cornell family, founder of Cornell University. On her mother's side, who herself, is a noted artist and portrait painter, there are historians, writers, artists, poets and musicians.

Her interpretations of world literature, books, plays, and poetry, bring out a philosophy that makes them interestingly different from the usual reviews.

Henrik de Boer, tenor, is a kinsman to Holland's queen. He has been singing in the opera, "Don Pasqual," in Los Angeles, and will bring Maestro Rissler Patty, concert pianist, with him as his accompanist.

MRS. BOYD HOSTESS

Anthony Euwer, poet, artist and book plate designer, will give his poems which are said to be very humorous and witty, although some are in a more serious vein.

Mrs. Philip L. Boyd will be hostess during the tea hour following the program. She will be assisted by Mrs. Bradstreet Miller, Mrs. Roy Colegate, Mrs. John Sprague, Mrs. J. Grant Fry, Mrs. Harry Hanbury, Mrs. Merrill Crockett and Mrs. Henry Clock.

Visitors wishing to hear this trio of distinguished artists will be cordially welcomed. The usual charge of admission will be \$1.10.

Regular Clinics to Be Held at Center April 26 and 27

Month-end clinics will be held April 26 and 27 at the Health Center, 299 East Amado road, Mrs. Madge Holderman, public health nurse, said today.

The pre-natal clinic will be held on Monday, April 26 and the child health conferences on Tuesday, April 27. Dr. Mildred Van Cleve, county pediatrician, will be in charge.

Interest has been high throughout the season in these clinics, Mrs. Holderman said, and they are increasing in size monthly.

Mr. and Mrs. John L. Wheeler were hosts at the Desert Inn Saturday evening for Mr. and Mrs. Horace Johnson and Mr. and Mrs. Newton Hotchkiss. Mr. Johnson is chief government engineer in this area in charge of engineering work for the Torney General hospital and at the airport.

YOU'RE IN THE ARMY NOW

"Two hundred sunnyside up, 81 over easy, 67 hard, and the General wants to be surprised!"

Birthday Dinner Given in Honor Of Major Witter

On the occasion of Major Gordon Witter's birthday, Mrs. Witter entertained at The Desert Inn with a birthday dinner.

Present for the celebration were Col. and Mrs. A. B. Jones, Col. and Mrs. Maurice A. Selinger, Mrs. Philip L. Boyd, Lt. Col. William Sheehan, Lt. Col. and Mrs. H. S. Murphey, Lt. Col. and Mrs. M. G. Beaver, Mrs. J. R. Schaeffer, Major F. H. Mistretta, Major and Mrs. R. A. Steven, Major and Mrs. C. B. Davis, Major and Mrs. Julian N. Dow, Major E. M. Hanke, Capt. and Mrs. P. E. Gibson, Capt. and Mrs. E. F. Van Epps and Capt. and Mrs. E. M. Papper.

Tea Honors Mrs. Julia Carnell

Before Mrs. Julia Carnell's departure for her home in Dayton, Ohio, Mrs. Hans Lauritz Hansen entertained with a tea for a small group of friends.

Later in the afternoon Mrs. Legrand de Graff invited Mrs. Carnell, Mrs. Hansen and Mrs. Henry S. Reid to her home for bridge.

Wildflowers From Desert Area Now Shown at Museum

The scent of desert blooms permeates the atmosphere of the Palm Springs Desert Museum these days, emanating from the many specimens of wild flowers which have been gathered, indexed and placed on exhibition. While this, as yet, has not proven to be a "banner" year for floral display, Professor and Mrs. T. D. A. Cockerell point out that most of the usual varieties of desert blooms are already in evidence in some areas, if the observer knows where to look for them.

CLEARING HOUSE

In this connection, it is their hope that the Museum will be regarded by the public as a "clearing house" for information on wild flowers—where they may be found, and as an aid to the classification of specimens. The Museum is happy to answer all questions pertaining to flowers now in bloom, and those which will develop in the weeks to come, and extends a cordial invitation to visitors to familiarize themselves with some of the varieties by means of the specimens now on exhibition in the Museum.

MINERAL COLLECTION

Also on exhibit at present is the mineral collection of George D. Stone, comprising specimens gathered throughout the world. The collection is the gift of Mr. Stone's sister, Mrs. Alexander Baillie, local resident.

Perhaps not as well known to all as it should be is the fact that the Desert Museum is open almost every evening. This provides persons who are occupied during the day with the opportunity to visit the institution after working hours, and many are taking advantage of the arrangement.

MOVIES POPULAR

Every Wednesday evening, from 7 to 10, Sam D. Hinton, curator, is at the Museum to present various informal talks and exhibitions, and motion pictures are offered by Mrs. Cockerell at 8:30.

Most recent film acquisition of the Museum is a reel taken by Al

New Project Gels Under Way at Red Cross Headquarters

A new project was scheduled to get under way today at the Red Cross headquarters, 107 S. Palm Canyon drive, when workers start making surgical dressings for shipment overseas by the Red Cross.

The project is in charge of Mrs. L. W. Matloff. With Mrs. William A. Lippman, Mrs. W. F. Grande and Mrs. George Daily, Mrs. Matloff was in Riverside a week ago for all-day instructions in preparing these dressings.

All interested women are urged to register for the project at the local headquarters.

March Hits Record Pace in Recordings

March was a busy month in the county recorder's office at the court house with 2166 instruments handled and \$3159.80 collected in fees.

Recorder Jack Ross declared it was the biggest March total in ten years and one of the biggest months in the county's history.

The Best Investment IN THE WORLD

United States INTEREST-BEARING WAR BONDS

There Are Many Reasons Why We Should Buy Bonds Now:

1. The Bonds will take care of you after the war when prices of commodities are lower and your money will buy more than now. Thus they earn more than just the interest.
2. All the wealth and resources of this rich country are your security. If the bonds aren't good, your money or any of your other investments will be no good.
3. They prevent inflation by stabilizing our money and preventing the mad buying of high-priced commodities now while money is plentiful.
4. The Bonds you buy help win the war. Our boys on the battlefields cannot win or survive unless they have supplies and equipment that we must buy for them.
5. Buying Bonds is the easiest thing we can do in the war effort. We make a profit in several respects by backing up our fighting forces.

'They GIVE their lives--We LEND our dollars'

Palm Springs has never failed in any patriotic drive—
It will not fail now!

"We did it before--We can do it again"

Buy all the bonds you can during this \$13,000,000,000 Second War Loan and you'll be happier for having done your part.

PALM SPRINGS CITIZEN

Enjoy a Cool Summer!

Many people believe Lake Arrowhead has the finest Spring and Summer climate in California.

Last season I leased 237 furnished homes here, and I was OUT of rental cottages before the summer was half over.

Lake Arrowhead homes have all the comforts and utilities, viz.: pure mountain water, natural gas, electricity and a complete sewage system.

We have modern stores, theatres, dance casino, bowling, and plenty of other pleasures for you to enjoy, mainly boating, bathing, fishing and swimming—in the cleanest and most beautiful lake in California.

If you wish to purchase, I have a few, VERY FEW, real bargains, left at this time.

We expect this to be our busiest season, so if you wish to RENT or BUY, drive up NOW or write, or phone me at No. 710—as two weeks from now will be late, and a month from now will be TOO late. Be early.

Benar Barzelay Thrills Appreciative Audience With His Violin Artistry At Benefit Concert at Woman's Club

BY HELEN B. BABCOCK

Before a distinguished audience of artists of the radio and motion picture world, members of the military personnel, residents and winter visitors, Benar Barzelay, violinist of renown, played a splendid program Wednesday evening at the Woman's club house, with Paul Yartin, of M. G. M., as accompanist, and Major Hans Smetana, of Torney General Hospital, as collaborator.

The program, as fine as any that would be heard anywhere, was made up of well known and well loved selections from the classics, with colorful modern numbers. The program consisted of selections that are heard in the concerts of other artists in the great centers of the world. The artist of the other evening was wholly adequate to the demands of the program, equipped as he is with a thorough violin technique and endowed with the fire and depth of musical artistry, together with an informal liaison with his audience.

HIGH QUALITY

The Bach-Wilhelmj Suite, including the Sarabande, Gavotte and Musette, established the high quality of the program presented and was played with éclat, both by the artist and his accompanist, Paul Yartin.

The "Good Friday Spell," (Wagner), appropriate to the season, wove its allure as presented, transcribed for violin and piano by Wilhelmj.

Hans Smetana, laboratory technician at Torney General hospital, is perfectly at home in his chosen avocation of music and is an artist of unusual ability and charm. Playing with an ease and depth of power and beauty that comes from a complete mastery of the work at hand, he gave, with Mr. Barzelay, a masterful performance of the great Brahms D minor Sonata. The technical requirements and the musical beauty of this Sonata make it the goal of all artists in music.

MODERN SELECTIONS

Following the intermission, Mr. Barzelay played a group of modern selections, opening with the familiar Spanish Dance (Granados) arranged by Fritz Kreisler, with "Canzonetta" (Achren).

Benar Barzelay's own arrangement of the Intermezzo from Goyescas, Granados, with the muted dance (Habanera) (Ravel) and "Tango in D" (Albeniz) were played with the fire inherent in these compositions from the Latin people.

The brilliant "Etude" (Paganini) and the sad and nostalgic "Serenade Melancholique" (Tchaikowski) concluding the program, were played with amazing skill at the close of a taxing program.

Encores, generously given, included Schubert's "Serenade," "Ave Maria," Schubert-Wilhelmj.

COURTESY TO FRIEND

Paul Yartin, accompanist, came from his work at M. G. M. as a courtesy of his life-time friend, and, with Mr. Barzelay, led in the singing of the national anthem.

Technical director for Metro Goldwyn Mayer, the accompanist is well known as Prince Egon Paul Esterhazy, who is having freedom for his music in this country.

Mrs. Claude Gottbehuet and Mrs. John Robertson Macartney were in charge of arrangements, assisted by Miss Marilyn Crockett, Miss Jeanne Martineau, and Miss Helen Louise Williams, who ushered, and Horace Veith and Paul Payne, in charge of tickets. Dr. Macartney presided as master of ceremonies.

PATRONS OF EVENT

Patrons and patronesses were Mr. and Mrs. Ernest Alschuler, Mr. and Mrs. Ralph H. Clock, Mrs. George Collard, the Desert Inn, Mrs. Claude W. Gottbehuet, Mr. and Mrs. Harry Hanbury, Mr. and Mrs. John Jenkins, Mr. and Mrs. Harry Klonek, Dr. and Mrs. John Robertson Macartney, Mr. and Mrs. Austin G. McManus, Mr. and Mrs. Henry Neirle, Major and Mrs. W. L. Neilson, Dr. and Mrs. Henry S. Reid, Major and Mrs. H. D. Shapiro, Mr. and Mrs. A. Shore, Mr. and Mrs. Henry Weinberger, Mr. and Mrs. Guy C. Wilson.

Emergency Measure Would Aid Teachers

Introduced as an urgency measure by Assemblyman Nelson Dilworth of Hemet, and others, to become effective with the governor's signature, a bill increasing the minimum annual salaries for school teachers from \$1320 to \$1620, was before the lower state house today.

A companion measure would provide money for the increases by expanding state support of the schools.

New Bus Schedule More Convenient For Local Patrons

R. R. Dunlap, Palm Springs agent for the Greyhound, Wednesday announced three important changes in bus schedules on the westward run.

The bus which left at 1:19 a. m. for Los Angeles has been discontinued but a new run instituted, leaving Palm Springs at 8:02 a. m. The bus which formerly left at 1:49 p. m., now leaves at 1:39 p. m. and the one at 6:14 p. m. now leaves at 6:09 p. m.

The changes went into effect Tuesday and the shift from the early morning schedule to the 8:02 a. m. schedule proved of great convenience to Villagers.

The eastbound schedule was not affected. The westbound schedule now is:

Leave Palm Springs	Arrive Los Angeles
4:39 a. m.	9:30 a. m.
8:02 a. m.	12:25 p. m.
1:39 p. m.	5:55 p. m.
6:09 p. m.	10:40 p. m.

The changes went into effect Tuesday and the shift from the early morning schedule to the 8:02 a. m. schedule proved of great convenience to Villagers.

The bus which leaves Palm Springs for Los Angeles at 6:09 p. m. runs via San Bernardino and Pasadena. The bus which arrives here at 4:55 p. m. also runs via San Bernardino and Pasadena.

The other schedules are via Colton, Riverside, Ontario and Pomona to Los Angeles.

C. V. (Shorty) Knupp Serving in His Second World War

Seabee C. V. (Shorty) Knupp, who operated the Desert Electric company before entering the service of the nation, is now working at his trade in his second war.

Seabee Knupp, RMIC, is at Camp Peary, Williamsburg, Va. During World War I, serving in a replacement outfit, Knupp sat right in the middle of the battles of Argonne Forest and St. Mihiel, using his knowledge of things electrical by operating and maintaining a switchboard in a dugout.

After the armistice he had charge of a "juice crew" of 12 German prisoners at St. Nazaire, port of embarkation for American troops returning home. He came back to the United States in June, 1919.

While in Palm Springs, Knupp was a captain in the state guard. Knupp's history of serving in two World Wars was given much publicity in the Camp Peary newspaper which closed its article with the sentence:

"The fighting builder is over the draft age but he couldn't stay out of it. He has a wife and five children at home."

Mrs. William Mohr Entertains Mother

Mrs. William H. Mohr, of Green Gables, had as her guests for a ten-day visit, her mother, Mrs. Eugene W. Biscailuz, of Los Angeles, and a friend, Mrs. Charles Siegel, of Beverly Hills.

Major Mohr, her husband, was able to be home from his army post for the week-end to spend with the visitors and with his wife and son, William Warren Mohr.

Riverside County's Cash on Hand High

On April 1 Riverside county had \$2,525,308.54 cash on hand, compared to \$2,627,084.50 on March 1, County Treasurer J. F. Reimer reported this week.

A record was set on January 13, this year, when the county had \$3,190,373.26 cash on hand, the largest amount ever carried by the county.

U-DRIVE CARS — PHONE 4444

THE 2ND WAR LOAN DRIVE IS ON!

America....you've got to get tougher!

AMERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair. Many of us have bought War Bonds out of extra cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

We've got to buy MORE

So your government asks you to buy Bonds and more Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras."

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling.

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands.

If you could see

Look at it this way—suppose you had a magic carpet that could take you to Africa and New Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying. . . . Say now, how many Bonds would you buy?

That kind of war

THEY . . . are dying. And they will keep on dying until we drown the enemy in an over-

whelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 13 billions of extra dollars—over and above any buying that you'd be doing anyway!

A lot of money

Of course, 13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going *without* now. But also—it will mean savings now—to buy later. It'll mean giving up *everything* you can't square with your conscience, so that we, us, our children, can have a better, more decent place to live in when this war is won.

The drive is on

So during this month of April, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Post-office, or wherever you're used to buying your Bonds—and buy NOW? Will you lend extra money this month? Money that can hasten the day of Victory? Money that can help to save American lives.

Money buys money

Remember, what you're really buying with your money is still more money. For after all, these Bonds are money! Money plus!

Every dollar you put into War Bonds will bring you a dollar *plus* interest.

So the more Bonds you buy the better for you, Americans—Get Tough—with yourselves—for your country.

There are 7 different types of U. S. Government Securities — Choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000 and \$1,000,000. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; ¾% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

THEY GIVE THEIR LIVES...YOU LEND YOUR MONEY!

Palm Springs' Quota in the Second War Loan Drive Is

\$207,404

This space is a contribution to America's all-out war effort by the following firms and citizens of Palm Springs:

Desert Golf Club - - - Harry Hanbury Palm Springs Water Company

UNITED STATES TREASURY WAR FINANCE COMMITTEE—WAR SAVINGS STAFF—VICTORY FUND COMMITTEE

Credit Curbs Hit By L. A. Wholesaler Trade Board Head

Proposed legislation by which certain industries would be subjected to restrictions in the granting of credit would seriously affect many firms and individuals in business today whose initial success can be traced to the credit wisely extended and carefully used by them.

under an act to aid the war effort.

TREMENDOUS FACTOR

"Reasonable credit restrictions have been imposed—but on all credit grantors. Should any one class be selected for special restrictions? Where will this aid the war effort? Credit has been a tremendous factor in the war effort, as evidenced by our lend-lease agreements.

"It will, also, be one of the main factors in after-the-war rehabilitation. Is it not, therefore, our duty to foster the continuation of credit?

"Many firms and individuals in business today can trace their success to the credit wisely extended and carefully used. Their initial cash investment was insufficient and they would never have opened their doors without the merchandise shipped on credit.

CAUSE OF GROWTH

"For the past 18 years I have

been in a position to observe the results of the use and abuse of credit. The theory of credit is as old as man; however, its commercial application is comparatively young. The rapid growth of our nation can be attributed in part to the proper use of credit.

"With reference to the present conflict, the only nation allied with the Axis who is respected by the Allies is Finland. Why? Up to the time they were forced by circumstances to fight on the side of the Axis, they respected their credit obligations.

WORK OF BUREAU

"In our work as an adjustment bureau, we endeavor to foster the relationship between debtor and creditor—to bring about the payment of all accounts owing and to preserve the business for the mutual benefit of debtor and creditor. This can only be accomplished when the debtor has a true conception of his obligation in seeking and obtaining credit.

"On the other hand, the business liquidated by the adjustment bureau can, in the majority, be attributed to the abuse of credit. Too often one considers the sole abuse of credit to be a misrepresentation of the financial set-up. This is untrue.

ALL PAY PART

"Credit is based on capital, capacity and character; and the abuse of any one is relatively important. I have seen many individuals pull themselves out of a bad hole through the abundance of capacity and character overbalancing the last of sufficient capital.

"What is meant by safeguarding capacity? You have a certain amount of capacity to manage the business you are undertaking. Use it wisely and well. Keep or have kept proper records. Learn to read these records and apply the knowledge gained in the conduct of your business."

Village Boy Scout Committee to Meet Tuesday, April 20

Next meeting of the Palm Springs District Scout committee will be held next Tuesday evening, April 20, in the justice court at 482 North Palm Canyon drive, Paul Summers, district chairman, announced.

Summer plans for scouts are to be discussed and reports from committees on plans and activities, heard.

The whistle had sounded for dinner. The foreman noticed how quickly one of the men, a notoriously lazy fellow, put down his pick.

"I believe," he said sarcastically, "that if the whistle sounded when you had your pick in the air you would leave it there."

"If it got as near to the time as that," replied the man, "I would not trouble to lift it up."

CHRISTIAN SCIENCE CHURCHES
The Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, will be "Doctrine of Atonement." The Golden Text is from Galatians: "Grace be to you and peace from God the Father, and from our Lord Jesus Christ, who gave himself for our sins, that he might deliver us from this present evil world, according to the will of God and our Father."
"I am the door of the sheep," said Jesus in a passage from John's Gospel. "I am the door: he repeated, 'by me if any man enter in, he shall be saved, and shall go in and out, and find pasture. The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it abundantly. I am the good shepherd: the good shepherd giveth his life for the sheep."
On this subject Mary Baker Eddy writes in "Science and Health with Key to the Scriptures: "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit,—the law of divine Love."

Let a man try faithfully, manfully to be right, he will daily grow more and more right. It is at the bottom of the condition on which all men have to cultivate themselves.— Carlyle.

Plans for Easter Sunrise Service On Hillside Back of Village Ready Today; Large Congregation Expected

Preparations for the annual Sunrise Service Easter morning on the hillside above the Desert Inn were complete today, Dr. J. R. Macartney of the Community church, sponsoring the event, announced.

Worshippers planning to attend should be at the site and in their places at least ten minutes before sunrise which is scheduled for 6:10 (PWT) on Easter.

COMPLETE PREPARATION

Chief of Police Lyle J. Sanard will have an ample force present to aid in directing traffic and Boy Scouts of the Village will assist in directing people to their places and in the distribution of beautiful folders for the occasion. The service from the hillside will be broadcast so that Villagers unable to be present may listen in. The Simpson Radio, corporation will handle the loud-speaking system as usual this year.

MANY SPECIAL ITEMS

Many special items have been added to the service this year and a special invitation has been extended to all Villagers, visitors here and to military personnel to attend.

The Desert Inn main entrance will be open at 5:40 a. m. PWT, to allow people to reach the site of the services.

One of the largest congregations ever attending an Easter dawn service is expected, Dr. Macartney said.

COMPLETE PROGRAM

The complete program for the Easter sunrise services follows:

Trumpets will announce the moment the sun crests the horizon, and the pigeons will be released.

Processional Hymn. "Christ the Lord Is Risen Today" Call to Worship.

"St. Theodulph's Hymn", Teschner-Olds — A Capella Choir of Redlands University.

The Invocation: (Congregation joining) Granier. Solo "Hosanna," Miss Mildred Gibson.

Reading, Bill Hay. "Spanish Easter Procession," Gaul, arranged by Prof. Erwin Ruff and sung by A Capella Choir from Redlands.

Scripture Reading Responsively, led by Rev. Robert M. Hogarth.

The Easter Message, Rev. Elam J. Anderson, Pres. of Redlands University.

Song, "God Bless Our Service Boys."

"Benediction Amen," A Capella Choir.

Spoken Benediction, Chaplain Hayes.

Services for Holy Week Announced at Episcopal Church

Services for Holy Week at St. Paul's in the Desert, Episcopal church, were announced today by the Rev. Robert M. Hogarth, vicar.

Sunday next, Palm Sunday, there will be Holy Communion and Blessing of the Palms at 8 a. m., church school at 9:45 a. m., and morning prayer and sermon, "The Challenge of the Fullest," at 11 a. m. There will be a meeting for young people at 7 p. m.

On Maundy Thursday there will be Holy Communion and sermon, "His Gethsemane and Ours" at 11 a. m.

Services on Good Friday will start at 12 noon and continue for three hours. "Dilemmas of His Cross" will be the topic of the meditation.

On Holy Saturday there will be baptism rites at 4:30 p. m.

Three services are planned for Easter. There will be choral Eucharist and sermon, "Risen Life," with music by the Parish choir at 8 a. m., choral Eucharist and sermon, "The Gardener of Souls" with music by the Parish choir at 11 a. m. and the Easter festival for children and young people with an Easter story by the vicar at 5 p. m.

Baptism Service Is Arranged For Easter

Dedication of children in Christian baptism will occur at the close of Easter services in the Community Church, the Rev. J. R. Macartney, pastor, announced this week.

Community Church Arranges Service For Good Friday

Good Friday services at the Community Church will commence at 12 o'clock, noon, Dr. J. R. Macartney, pastor, announced today.

The services will be of the deeply devotional type, he said, and Holy Communion will be administered at the close of the second and fourth periods.

All are invited to attend. Assisting Dr. Macartney will be Chaplain Frank Hayes of Torney General Hospital, Chaplain Henry W. Anderson of Camp Young and the Rev. Ernest M. Jeffry of the Coachella Presbyterian church.

Urge Stores Here Close for 3 Hours On Good Friday

The Rev. C. Norman Raley, pastor of Our Lady of Solitude, Catholic church, this week announced plans for Good Friday observance at the Church on April 23.

"The people of Palm Springs have always been noted for their deep interest in things spiritual," Father Raley said. "In view of this fact, I am making special preparations for a worthy celebration of the three hour agony of our Saviour on Good Friday and have invited all Christian people to join in this holy enterprise."

"A very fine musical program is being rehearsed and the merchants of the city are kindly requested to close their business houses for the three hours so as to afford their employees an opportunity of attending these beautiful religious services."

"They will begin at 12 sharp and close at 3 p. m."

Officers Elected For New Year by Community Church

Officers were elected by the Community Church at the close of services last Sunday morning.

Elected as trustees were the Rev. B. B. Weatherall, Gordon D. Nicholson, Charles Henderson, E. J. Wightman, W. W. Sawyer, Miss Maud McQuillin, Mrs. Douglas Morrison, Donald Cole, Mrs. Henry S. Reid.

Elected to the Session were C. G. Lykken, John W. Williams, LeRoy C. Hooker and Howard Ames.

Two From Village at Presbytery Meeting

The Rev. John Robertson Macartney, pastor of the Community Church, and Carl Lykken attended a meeting of the Riverside Presbytery at Riverside last Tuesday.

Lamps make oil-spots, and candles need snuffing; it is only the light of heaven that shines pure and leaves no stain.—Goethe.

INTRIGUE—Spencer Tracy and Katherine Hepburn, in a dramatic scene from M-G-M's "Keeper of the Flame," a story of mystery and intrigue by I. A. R. Willie. The noted film will open at the Plaza Sunday, April 18, for a four-day run.

Full Gospel Church Plans Summer Session

Full Gospel church, on Indian avenue adjoining Hatchett's court, will be open all summer, the pastors, Mrs. Ruth Williams and Mrs. E. W. Watson, announced today. First services will be held on April 18 and then each Sunday and Thursday, services will be conducted at 8 p. m.

Every failure is a step to success; every detection of what is false directs us toward what is true; every trial exhausts some tempting form of error—William Whewell.

There is only one real failure in life that is possible, and that is, not to be true to the best one knows.—Farrar.

Selective Service Announces Revised Classifications

The revised classifications for selective service registrants was announced this week from General Hershey's office in Washington as follows:

Class I-A, Available for military service; I-A-O, Conscientious objector available for non-combatant military service; I-C, Member of land or naval forces of the United States.

II-A, Man necessary in his essential civilian activity; II-B, Man necessary to the war production program; II-C, Man deferred by reason of his agricultural occupation or endeavor.

III-A, Man with child or children deferred by reason of maintaining bona fide family relationship; III-C, Man with dependents who is regularly engaged in agricultural occupation or endeavor; III-D, Man deferred because induction would cause extreme hardship and privation to a wife, child, or parent with whom he maintains a bona fide family relationship.

IV-A, Man 45 years old, or over, who is deferred by reason of age; IV-B, Officially deferred by law; IV-C, Neutral aliens requesting relief from liability for training and service, and aliens not acceptable to the armed forces.

IV-D, Minister of religion or divinity student; IV-F, Physically, mentally or morally unfit; IV-H, Men 38 to 45 now deferred because their age group is not being accepted for military service. (This group is being reclassified in case of eventual call.)

"Pa promised to have a band playing when I get married." "He certainly ought to feel like celebrating."

Phillips Is Placed On Committee to Study Food Crisis

Announcement came from Washington, D. C., last week that Congressman John Phillips has been appointed to the new food study committee.

Each member of the committee is on two sub-committees. Phillips has been appointed to the dairy, poultry and allied products sub-committee and the compilation of reports sub-committee.

The only other Californian on the committee is Tom Rolph of San Francisco.

The organization meeting of the Food Study Committee was held Tuesday afternoon, April 6. The chairman is Thomas A. Jenkins, of Ironton, Ohio. The committee is not a propaganda agency; it is a "Fact-Finding Committee."

A bashful young ducky had not the courage to pop the question. Finally, one Sunday night, he said:

"Julia, yo' remembers that I was heah Monday night?"

"Yes," Julia replied.

"An dat I was heah Wednesday an' Thursday?"

"Yes."

"An' once mo' on Friday an' again las' night?"

"Sho' yo' was,"

"An I is heah tonight?"

"Yo' sho' is."

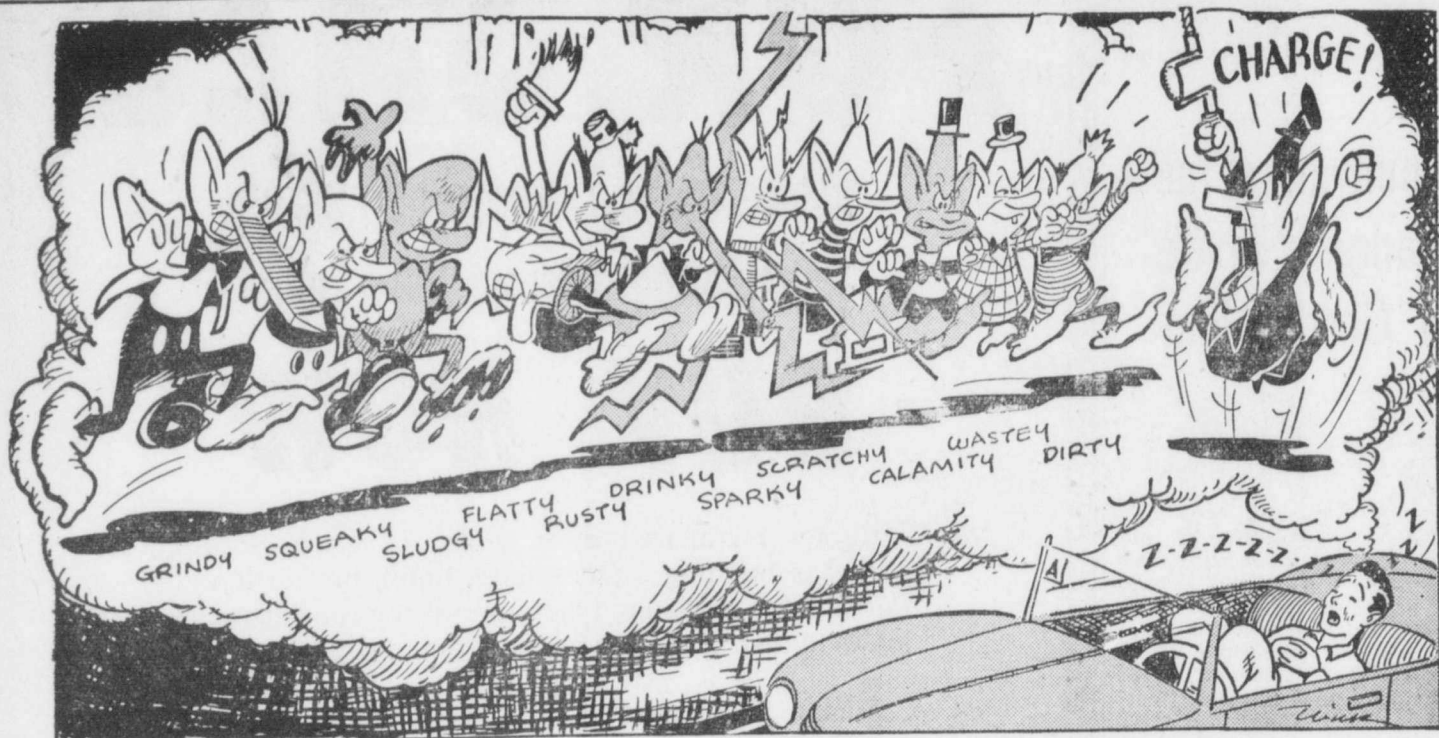

At last in desperation, he burst out with:

"Say, woman, doesn't yo' smell a rat?"

Teacher: What does 'cubic' mean?

Pupil: Cubic is the language spoken by the people of Cuba.

Dream of Driver Who Didn't Summer-Proof

Here's a cartoonist's conception of the nightmare of a motorist who forgot to protect his car by Summer-proofing. In his dream the motorist sees Major Trouble, chuckling in fiendish glee as he leads his army of trouble-makers to attack on the unprotected automobile.

And... Out Popped the Mischief Makers THREATENING TO DAMAGE ADELE MARA'S CAR

Registering dismay over the antics of Gremlin conspirators, Adele Mara, Columbia player, throws up her hands in horror when she discovers the destructive imps going to work on her car, Miss Mara is featured in the Columbia picture "Reveille With Beverly." She is shocked to see that the Goblin gangsters have responded to their own "Reveille" and gone to work on their day's duties of auto wrecking.

Lieut. Grant Wood Visitor in Village

Lieut. Grant Wood, formerly of Palm Springs visited friends here this week, leaving Friday when he started on the return journey to Fort Monmouth, N. J., where he received his commission last Friday.

Lieut. Wood has been in the army for the past nine months and has been in school all of the time. He is in the signal corps. While in California, Lieut. Wood also visited with friends in Banning. He was publisher of the Palm Springs News for several years.

Village Trailing ...

(Continued from page 1)

connection with the campaign:

"As Mayor of Palm Springs, I ask my fellow citizens to join to the full extent of their financial ability in the Treasury Department's Second War Loan Campaign which opened April 12.

"I feel sure that when the final returns are in, our community will stand high among cities and towns of our size and resources in the country for our accomplishments in this great patriotic drive.

SPEED THE VICTORY

"The government is asking the people of this country to lend 13 billion dollars to help prosecute this war. We all know how vital this money is in our common cause. We have sent fathers, sons, brothers and friends off to fight. We must provide the money to put the finest weapons and other munitions in their hands to end this war as quickly as possible.

"The Second War Loan Campaign is more than a mere transfer of our money to the government for a period of good interest rates. It is a demonstration of our will to victory and our desire to back up our men on the fighting lines. The treasury department has recognized this basic patriotic aspect of the Second War Loan campaign by offering a series of securities designed for every pocketbook.

SIGN OF STRENGTH

"There are the familiar War Bonds, tax certificates, and other long term and short term securities. Democracy never has given a finer example of its strength than in this forthcoming Second War Loan appeal. Working men, business men, professional men and industrialists, housewives, and war workers—all may send their dollars off to fight alongside our troops.

"Let us all take to our hearts the theme of this campaign: 'They give their lives, you lend your dollars'."

Mrs. C. W. Gottbehuert entertained as her house guest this week, Mrs. Peggy Spears of Banning who was in the Village for the Benar Barzelay concert Wednesday evening.

Rules for New ...

(Continued from page 1)

tempt to print the news without endangering the military news.

Not since the beginning of the war has there been any complaints on the handling of the news.

Anticipating the need for men with cable experience, United Press trained a staff of young men in communications centers in London, Washington, New York and San Francisco, and placed them in strategic positions before Hitler's first move. United Press now has a young veteran staff, many of whom have been cited for bravery. They observe the rule of no weapons even though they are in the thick of fighting along with our armed forces.

Ned Russell, a U. P. correspondent from Los Angeles, was getting material organized behind our lines in Africa when he suddenly found himself behind German lines. By quick thinking he was able to get through to our lines. Four of the U. P. correspondents have been killed on various battlefronts and five have been wounded.

Star Meets Naughty Goblins

Wondering "What's Buzzin'," Miss Jeff Donnell, featured in the Columbia picture "What's Buzzin' Cousin," is officially introduced to some of the Gremlins accused of damaging and reducing the lives of neglected cars. The introduction is made by Dave Fleischer, executive producer of Columbia cartoons. Artists from this studio produced the car Gremlins, which are attracting so much attention.

Auto Repair Men And Motor Parts Growing Scarcer

Lack of sufficient skilled mechanics is one of the serious war time conditions which stands as a threat to the continued operation of many automobiles.

This is the substance of a statement just made by John Erickson, district manager for the marketers of Mobil petroleum and automotive products.

"Lack of skilled mechanics is really very serious," said the district manager. "In one metropolitan area of the Pacific Coast, 1,200 mechanics were working on automobiles a year ago. Now, only about 500 of them are still available for car repair work. This number is fast diminishing as more mechanics are recalled into war production, or into service with our fighting forces.

"This shortage of skilled labor often spells long delay in getting a car repaired. It means that if cars are neglected and parts fail, many motorists will walk for extended periods while waiting for the indefinite, future time when their machines will be repaired and again ready for use.

"In addition to the shortage of skilled repair men, we motorists are faced with another serious situation. This is the fast diminishing stockpile of automotive parts. Even now it is difficult to find many of the parts needed for replacements without combing wrecking yards, or having such parts specially made to order, when and if machine shops can do the work.

"I do not wish to be an alarmist. But it seems only right that motorists should be warned. By taking heed of such warnings we will take better care of our machines.

"Engineers tell us that cars will ordinarily last for many years without parts failures—when they are lubricated properly and regularly, when we use the right grade and weight of oil and change it frequently, when we keep wheel bearings properly packed, when we keep air and oil filters and cooling systems clean, when we keep various parts properly adjusted. That's why Mobil Men feature the semi-annual inspection and service period, called Summer-proofing, at this season of the year."

WAR DECLARED AGAINST CAR GREMLINS

SUMMER-PROOF EXPERTS START MOVE TO DEFEAT AUTO TROUBLE MAKERS

War was declared this week on those mythical imps who damage automobiles.

To repel an invasion which threatens the car of every thoughtless or forgetful motorist, Mobil men of this area have "taken up arms," as it were, against an army of imaginary mischief-makers called the Gremlins. These Gremlins constitute the enemy of the Summer-proof campaign.

Gremlin machinery-wreckers have been dubbed the first legendary characters of the world war. History says they were "discovered" and given a name by an RAF flyer known as Gus. When compelled to make a forced landing, Gus laid all his mechanical troubles directly at the door of these imaginary little goblins bent on gumming up and grinding up the works.

Since that time, other flyers everywhere, and now motorists, have taken up the battle against the Gremlins. Magazines have published long stories about them, cartoonists have pictured verses about them.

"So it is," says Johnny Hughes, Mobilgas-Mobiloil dealer, located at 496 North Palm Canyon Drive, at Alejo Road, "that our service station experts in announcing their Summer-proof car-protection program this season have identified the Gremlins as the car destroyers they are organized to defeat.

IMPS ARE WELL NAMED

"Grindy Gremlin, for instance, is the little fiend who specializes in grinding up and breaking up gears and bearings. Drinky takes joy in drinking the battery dry. Sludgy goes about the job of creating harmful sludge in the crankcase oil. Squeaky just loves to create annoying car squeaks. Rusty delights in ruining radiators and motor cooling systems by creating rust and scale. Flatty is an expert at the job of making tires go flat. Wastey drinks up and wastes gasoline. Sparky specializes in wrecking spark plugs. Dusty concentrates in clogging air and oil filters with dust and grime. Scratchy scratches everything in sight. They all take orders from the commander in chief, named Major Trouble.

FLY IN GREMLIN OINTMENT

"But here's the big fly in the Gremlins' ointment. Legend has it that once a motorist drives into a Mobil station for Summer-proof service, Major Trouble calls his mischief makers off the job.

"That's why our Mobil men are again featuring oil change, gear lubricant change and lubrication as the 'three musts' of the Summer-proof car-protection program. Many other essential things, such as radiator, tire and battery inspections and services, may be included, dependent on the condition of the cars.

REAL WAR-TIME SERVICE

"Yes, Mobil experts are well equipped and ready to defeat the Gremlins. And they'll do it. In working as sentinels, on guard against these naughty Goblins, the service station operators are rendering a real war-time service, a service to protect and prolong the life of essential motor transportation. To defeat the Gremlins, with the skilled assistance of our dealers, means to care for your car for your country."

This Side of the Sun

(Continued from first page)
and give the government what is left, I'd be happy—and rich." . . . Bigger and better holes and fewer and more jagged buttons will soon be the thing. The OWI says that 46 million dollars' worth of new laundry equipment will be manufactured this year BUT most of it will go to military posts and some to civilian hospitals—almost none to the ordinary laundries.

SUPPORT—Twice within the last month I've seen laments in other columns about typewriter ribbons. That's support for my campaign launched four years ago for an automatic typewriter ribbon changer. Almost everything else has been simplified but putting on a new typewriter ribbon is still a job to be approached with prayer. To make it worse, some of the newer models, just before Uncle Sam started gathering them all in, even made the threading process more complicated. It's a chance for some smart inventor to serve his country.

IN CONCLUSION—This week's worst pun was phoned in by a woman who should know better. Said she: "You know, I can't get used to shoe rationing to save my sole."

Drivers Warned Of New Threat To Motor Life

"Now that we must drive slowly to conserve tires, motorists face a new threat to the life of their motors unless proper precautions are taken for their protection," asserts W. R. Lindsay, supervisor of Mobilgas stations in this area.

"The new threat is dilution of the crankcase oil with raw gasoline and with moisture. Even during pre-war driving, it was necessary to carefully follow the plan of regular crankcase oil changes to prevent such dilution. Now, however, the tendency to oil dilution resulting in possible harm to vital car parts is more acute.

"This is because of short trips,

lower speeds, and lower engine temperatures. In fact the temperatures are not raised sufficiently to drive the moisture and raw gasoline off as vapor. Consequently they remain in the crankcase, causing premature oil dilution. This can be offset only by more frequent replacements of engine oil.

"The moisture referred to is one of the by-products of the combustion and gets into the crankcase by blowing by the piston rings. This condition occurs normally in any engine, but abnormally in an engine with worn or loose piston rings. The moisture, when mixed with the lubricating oils, forms harmful sludge. Hence, we recommend that, for safety, a motorist should change oil every one thousand miles or at least every sixty days."

Mercy to him that shows it, is the rule.—Mary Baker Eddy.

Many Items . . .

(Continued from page 1)
perior students who meet the requirement of 200 units for a diploma will be recommended for college entrance as in the past, whether the requirements are met in four, three and one-half or even three years, according to adopted policy.

REQUEST DENIED

A specific request for a certification of completion of high school for Delbert Carl Bailey for the U. S. Navy was denied. Bailey was a student in his senior year in 1940. He dropped out of school early in the year to go to work, without having earned any grades or credits in his senior year. Later he joined the navy. Recently he had a chance for promotion provided he could show he was a high school grad-

uate. He cabled for the certificate of completion. Because he dropped out of school to go to work at the beginning of his senior year, the board ruled he was not entitled to the certificate, even though he was now in military service.

GIVEN THE "BREAKS"

A petition from the California Scholarship Federation for a second semester "ditch" day was allowed by the board. Although a second "ditch" day request made by the seniors was denied at the March meeting of the board, the high school trustees felt that the scholarship people, numbering 14 in the school, could better afford to lose the time. The board felt moreover, that scholarship students should be given the "breaks" as often as possible.

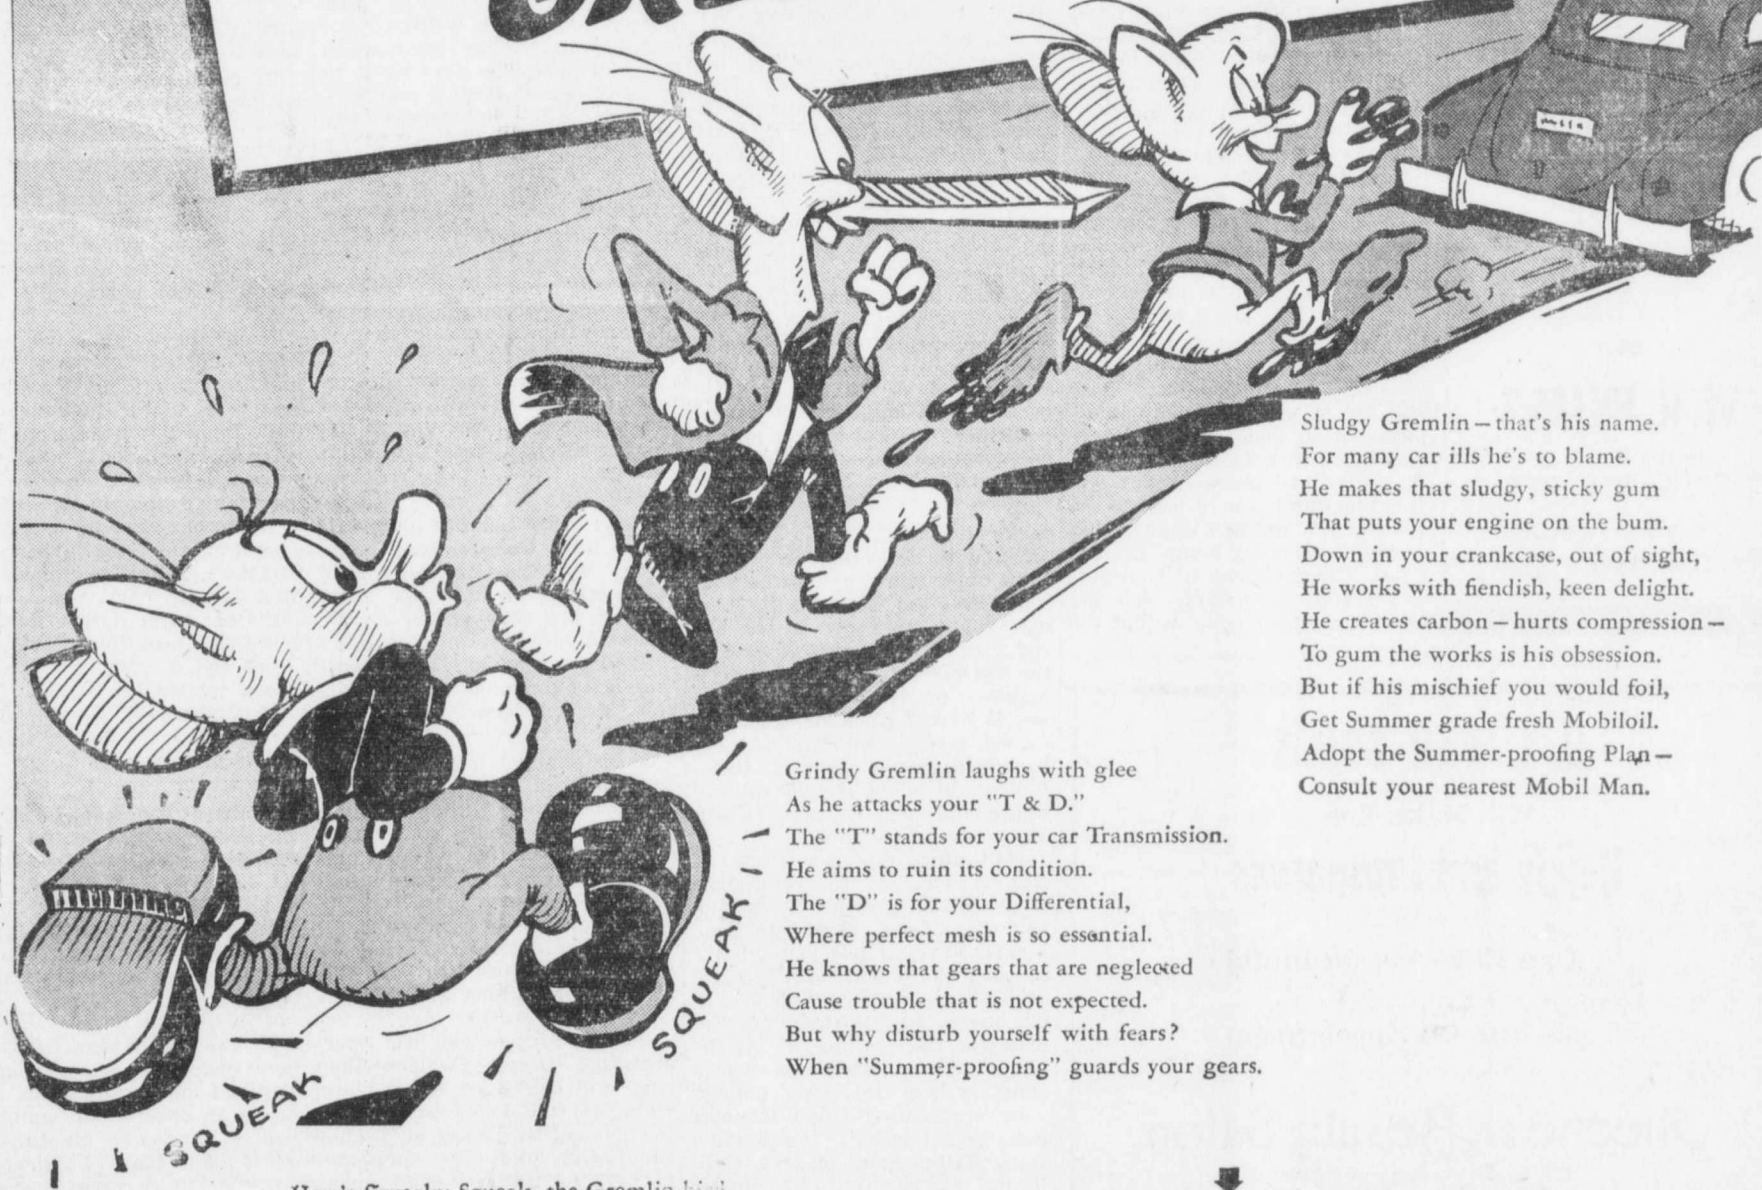

Scholarship pupils in the high school at this time are:
Pat Bryce, John Ward, Sallie

AT THE PALM SPRINGS!—Randolph Scott and Marlene Dietrich in "Pittsburgh" at the Palm Springs theater April 21 to 23.

Lockett, Marian Hohl, Bettie Willard, Leona Jenner, Julie Martineau, Mildred Woolhouse, Art Bushnell, Mary Yoder, Martha McCann, Bettie Neese, Carol Burket and Suzanne Williams.

Let your Mobilgas Dealer
SUMMER-PROOF
your car against
GREMLINS

Sludgy Gremlin—that's his name.
For many car ills he's to blame.
He makes that sludgy, sticky gum
That puts your engine on the bum.
Down in your crankcase, out of sight,
He works with fiendish, keen delight.
He creates carbon—hurts compression—
To gum the works is his obsession.
But if his mischief you would foil,
Get Summer grade fresh Mobiloil.
Adopt the Summer-proofing Plan—
Consult your nearest Mobil Man.

Grindy Gremlin laughs with glee
As he attacks your "T & D."
The "T" stands for your car Transmission.
He aims to ruin its condition.
The "D" is for your Differential,
Where perfect mesh is so essential.
He knows that gears that are neglected
Cause trouble that is not expected.
But why disturb yourself with fears?
When "Summer-proofing" guards your gears.

Here's Squeaky Squeak, the Gremlin bird,
Whose music you perhaps have heard.
He puts canaries in your springs,
And does a lot of nasty things.
He promotes friction, speeds up wear
By advocating lack of care.
But Charted Mobilubrication
Gives Squeaky Gremlin consternation.
So why not give your car protection—
It's time for Summer-proof inspection.

Listen to Raymond Gram Swing over your
Blue Network station every Monday, Tuesday,
Wednesday, Thursday, 7 P. M., PWT.

Gremlin Cartoons Appeal to Drivers

Recent appearance in newspapers of Gremlin cartoons, created for General Petroleum Corporation by motion picture cartoonists of Hollywood, have brought forth favorable comments from motorists. Such is the report of John Erickson, district manager for the oil company.

"We're never too old to enjoy fairy tales and get their full meaning," says Erickson. "However, this story about the Gremlin imps playing hob with our cars isn't just exactly a fairy tale.

"Gremlins are bent on mischief, the kind of mischief which reduces and eventually destroys our investment in motor transportation. So it is that we have received many compliments from car owners for calling the imp conspirators to their attention, with the added warning that Summer-proof auto service should be rendered now to ward off the Gremlin attack."

Numbering System . .

(Continued from page 1)
strongly in a numbering system being adopted, even though the physical work could not be carried out at this time.

MASTER NUMBER PLAN

County Surveyor Fulmore had the answer ready. The matter was taken up with Supervisor Robert E. Dillon and his colleagues called in the County Planning Commission who decided the time was opportune to have an ordinance drawn that would serve as a master plan for the entire county.

For this particular area the numbers for Cathedral City are to be established in the following manner. There will be no divisions of North, South, East and West numbering. The numbers will all start from the North and go South and from the West and go East. The north base is the north county line which is seventeen and a fraction miles north of the subdivision of Cathedral City. The numbers in the village will be the fractions of a mile between lots. The same fractional mile numbers apply in Indian land, farm land or what have you, and is there to come to life when ever a structure appears and a set of numbers can be attached to it.

RUNS INTO DECIMALS

The numbers from west to east would originate with the meridian which starts this range that is some three miles west of Palm Springs and begins with eight and a decimal of three figures when it reaches the Arch on the western village limits.

The system is comprehensive and will be welcomed by the County Clerk to fix the residence of voters, to the County Assessor to more clearly establish locations of property, and to the lost friend who is trying to find a house.

SCOUT NEWS

Gillar Boyd, Scribe

The Scouts of Palm Springs are very fortunate, for George F. Manington has been appointed our new scout master. Mr. Manington is the principal of the Nellie N. Coffman Junior High school.

Mr. Manington has undertaken a task which we are sure he can handle successfully. He has planned a meeting for this Thursday night, including skits and pantomime.

The Scouts are also going to have a court of honor soon, if you are interested in joining, be sure to attend next week's meeting.

These 3 "MUSTS" for Protection are Due NOW

1. Drain, flush and change oil. Drain out old oil. Clean crankcase thoroughly before filling with the correct grade of Mobiloil for summer driving.

2. Mobilubrication with X-Ray Chart. The X-Ray chart shows correct lubricant for each point, enables your Mobil Man to lubricate your car expertly.

3. Transmission and Differential Service. Winter lubricants should be replaced now with clean, fresh Mobilubricants of correct grades for summer.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

You will all recall the story of the elderly woman who lay dying in Washington, while her family drove madly across the continent, trying to reach her bedside before the end came. They barely made it, so it appeared at least, and with the new car (bought just before they started) panting at the door, they hurried to the bedside and listened to the mother's last whispered wish. It was to see the new car! With greatest difficulty, the old lady was carried down stairs, and out front. As they supported her, by the car, in silent admiration, one of the tires blew out, right beside her.

It was filled with California

air. The effects were immediately noticeable; the old lady walked back into the house without help, and lived for years afterward.

The point of this true story is that Mr. McCormack, the Democratic floor leader, and Mr. Martin, the Republican floor leader, got together last week, and announced that they would arrange a "recess" before and after Easter. Congress will technically be in session, but will recess for the allowable three days, then a corporal's guard will be here and recess again, in addition to which it will be understood that if Congress actually sits during the two weeks, no controversial issues will be before it, and no roll calls will be taken.

After much mental debate with myself, I have decided to make the trip, and fill the Phillips' lungs with Banning air, guaranteed to forestall all human ailments for another ninety days, until the proposed Summer recess, and even to provide immunity against Swiss cheese, American cheese, 50 cents worth of salted peanuts for about a hundred visitors, and a choice of beer, ginger ale, or coco cola. I mention this to reassure some of my Republican friends, who seem concerned over possible exposure to localized epidemics.

Seriously, the day after this column sees the light in the papers of the District, I shall be on a train headed for San Francisco, for a brief meeting there; then to Sacramento to see the Governor and my friends in the Legislature; then to Banning for a week-end rest. If anyone wants to see me on Good Friday, Saturday or Easter, they will be referred to "Lizzie," whose suspicious eye, long jaw, terrifying bark and dour Scottish temperament, completely disguise a disposition, the friendliness of which appears with the first kind word!

The following week, Monday to Friday, I hope I can talk over with the voters some of the problems now before Congress. There will not be time for many meetings, nor in many places. There will be more time next summer, if the leaders' plans go through. It is important now at least to see some of you and talk to you. That is why I'm coming home. The expense; the problems of transportation and connections, and the short time, are against it; but the

Salvage Chairman Offers Suggestion On Saving Nation's Vital Resources

BY WALTER ILLICK

Chairman of Palm Springs Salvage Committee

SALVAGE, as defined by Webster, is the act of SAVING. It is now time for the yearly cry of "Save our forests." "Save our watersheds." There will be few camp fires and few hunters, but over the nation there will be more men in the woods and brush areas, per square mile, than at any time in our history, thousands who have never put out a match or a cigarette in their lives, and it takes time to change any habit.

Floods, forest and brush fires are two things extremely dangerous during an all out war; little can be done about floods except to salvage the aftermath of receding waters, but forest and brush fires are another matter, they can be put out as easily as any city fire with the same simplicity of service.

PRACTICE FOR ARMY

This will take the immediate cooperation of the army and federal forest service and with it, there will be no serious fires after June.

How? Not "Block busters" but "Fire busters." Not "incendiary bombs" but "chemical bombs" to put out fires, SALVAGE NOT DESTRUCTION. Save more, and there will be less need for salvage.

Hundreds of bombers are available and used for training; they could be employed to snuff out forest fires when the need arose, and very good training that would be. It would require no

extra air craft or man power. Bombers located at strategic air fields could be at the most remote fire within 45 minutes, dump their extinguishing bombs, and return for another load. Planes from other fields would arrive with more bombs and in a very short time the fire would be out. Can any one doubt the practicability of this plan, or its effectiveness?

HOW YOU CAN HELP

In stressing the War Front, we are apt to overlook the protection of our Home Front. If you are interested in this plan, there is one sure way of obtaining action, write to your senator or congressman about it. He is busy, but not too busy.

The need for metals, rayon and nylon fabrics, and fats will increase as the war continues; have you any to give? Any suggestions pertaining to salvage will be a big help. My phone number for the summer months will be 2125.

Cathedral City

W. R. HILLERY

Big medicine was making last week and we waited too long for it and missed getting our notes in.

The committee headed by James W. Kyle returned from Riverside with a very comprehensive report relative to a numbering system for the structures of this village.

The committee had also chosen tentative names for the four twenty-foot roads that run north and south half way between the present avenues. Before the special meeting held at the Town Hall on the 8th instant was over, it was voted to approve the report of plans of numbering, for street signs and for the four names needed for the unnamed roads. It was also moved by Willard Price that the present names, numbers and letters that designate streets be changed to names of desert trees and shrubs and the committee was instructed to continue their work and it was decided to use the terminology of Lane for each of the 20-foot at present unnamed roads; to designate the full width north and south streets as Drives and those running east and west as Roads. A further report of the committee is scheduled for next Monday night at the Town Hall at 8 p. m.

desire to breathe a little Banning air, and to see you, overshadow those objections. Some of us who came into the Congress in January want to know if we are right, or if we have misjudged the desires of the people. If a majority of the members (there are 43 of us) go home, and talk to the people, we should come back with better arranged ideas. We should adopt Bob Franklin's suggestion, and have "Victory Vacations for Congress."

Well, since this is written "in lighter vein," as the columnists of the Nineties would have said, had there been columnists then, I shall have to tell you what I consider the best newspaper joke of 1943, so far. The O.W.I. sent out one of its multitudinous "releases" to the newspapers of the United States. This one was a story on how the Nazis' policies were eliminating small business men, and retailers. The Madera Daily Tribune, of Madera, California, carried the story under the following headline:

"Nazis Learn from U. S. Bureaus" Could anyone have put more in so few words?

Let us see to it that our lives, like jewels of great price, be noteworthy not because of their width, but because of their weight.—Seneca.

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

to which all citizens are invited to attend.

It is also gratifying to learn that apparently sufficient deeds for right of way to the County were secured to warrant some preliminary work being done on what is called the Dunes Road or Drive. The Dunes Drive, when extended, will connect with the Palm Springs-Edom Road.

Cathedral City, Rancho Mirage and the intervening ranches were allotted \$500 in the recent Red Cross drive conducted by Mrs. Homer Gould, Mrs. Willard Price and (I mislaid my information and will apologize next week to the lady whose name is omitted). An excellent job was done by the residents, for more than \$600 was subscribed. I am indebted to Mrs. A. V. Linkletter for this information.

Recently our Civil Defense group was reorganized and more complete details will be secured and reported later.

Walter Bunker has stirred up a few to get their scrap metal together and Slim Larrison, as usual, has agreed to haul it to Palm Springs.

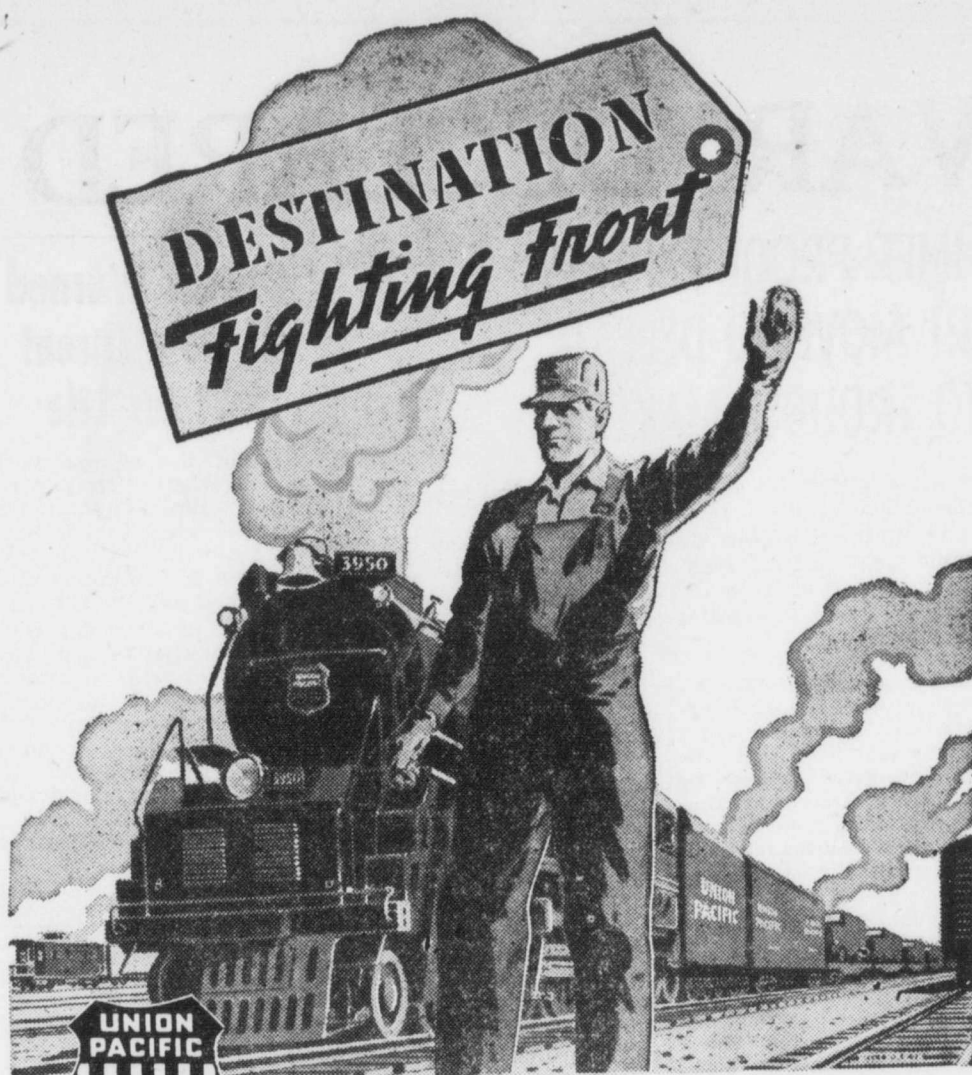

Miss Connie Lee Dorn, who attends Mills College, was home for a short vacation spent with her parents. While here Miss Dorn took a shift or two at the Observation Post and supplemented the fine work at the post that is volunteered by her parents, Mr. and Mrs. Ernest Dorn.

A short time ago Mrs. Kathleen Naef came down from Hueneme where her husband is employed and attended to business connected with the Naef's Pines to Palm Court. Their infant daughter had the misfortune to suffer burns from scalding water which required their leaving for medical attention. We hope the burns are found not to be severe.

Roy R. Miller, who has operated the Desert Cabinet Shop here and has stood many hours watch on the Post has accepted the cabinet shop job at Torney General Hospital. His equipment

ROMANCE—Helen Walker and Alan Ladd in a romantic scene from "Lucky Jordan," their latest picture and said to be more thrilling than "The Glass Key." It will be shown at the Palm Springs theater for two nights—April 18 and 19.

"KEEP 'EM ROLLING"
THE RAILROADS ARE THE BACKBONE OF OFFENSE

FORESTS WILL BE CLOSED AGAIN THIS YEAR, SUPERVISOR NELSON INFORMS PRESS; EFFECTIVE LAST OF JUNE

Fishermen will have the opportunity to get in some fishing before the fire-closure regulations become effective this year in the San Bernardino National forest, according to DeWitt Nelson, supervisor of the forest, who announced last week that the forest, which includes the timberlands north of Banning, will again this year be affected by the regulations. The order probably will not be put into effect until the end of June.

The actual date the closure will be put into effect will depend upon weather conditions, Supervisor Nelson said.

"If conditions are satisfactory, we hope to give trout fishermen several weeks in May and June in which they may fish in the streams," he declared.

Mr. Nelson explained that once the closure order is invoked, stream fishing will be banned and only lakes in the San Bernardino mountain area will be open to anglers.

Under the wartime fire-closure rules, adopted last year for the first time, all forest sections except the major highways and those immediately adjacent to developed recreational and resort areas will be closed to the public.

Roughly, the only sections open to the public after the closure ban goes into effect are the following: Crestline, Lake Arrowhead, Running Springs park, Green valley, Big Bear lake, Barton flats, San Geronio primitive area, Lytle Creek canyon resort area and Mill Creek canyon resort area.

Motorists will be permitted to drive along major highways which will not be closed areas,

remains in the shop, so we hope when the war is over, he will resume his excellent work there.

A recently installed blinker light near here and the screeching dives of planes in the area, has kept the observers on their toes.

F. Marion Wilkes, who lives here most of every year and should I mention it again, stands many an observation watch, was visited Sunday by his son who is stationed at March Field.

but they will not be allowed to leave these highways.

The closure order was adopted last year as a wartime precaution against forest fires.

Supervisor Nelson added that the storm of the past week has thoroughly soaked the mountains and will delay the necessity of calling for the forest closure.

Nod: "My wife always becomes historical when I stay out late." Tod: You mean hysterical. Nod: No, historical. She digs up my past.

FERRYING COMMAND NEWS NOTES

459th Base Headquarters and Air Base Squadron, Ferrying Division, Air Transport Command, Municipal Airport, Palm Springs

It couldn't be that Lt. Jay D. Lockerby is a man who believes putting into practice the creeds and axioms that he reads, particularly that oldie about "beauty is only skin deep." No, it must be that he is just a man who likes flowers and green grass—a horticulturist, so to speak.

Lt. Lockerby, to you outsiders, is the gentleman who is the provost marshal of the Palm Springs ferrying post, and as such commands the guards and the guardhouse.

Now the guardhouse is what in civilian life you refer to as the city pokey, or jail, or jug. There is certainly nothing about its interior to make one the inquisitive type.

Yet—when the stuff that's been planted on the area surrounding the guardhouse grows and blooms it will be by far the prettiest spot our post, insofar as a fetching and colorful is concerned.

We do not speak from experience, but even our timid gambling sense would permit a healthy wager that there is a place brother, where beauty certainly does not go any further than being skin deep.

TODAY'S BEST BET

And speaking of wagering, here is this week's good thing, straight from a guy who just spoke to the horse!

Your Easter outfit this year will be khaki slacks and shirt, with tan shoes and tan accessories. And don't let anyone tell you different!

WHAT PRICE GLORY

We almost discovered a national celebrity in our midst last week, but for him to have been a celebrity would have meant that he was a dangerously sick man, so we were glad he was just plain G. I.

We probably sound involved, but here is the yarn.

A soldier on furlough was bitten by a dog in Pittsburgh, Pa., a couple of weeks ago, and the canine culprit that did the nipping was discovered to have rabies. The soldier, however, could not be found. Because generally a fatality results from a mad dog bite, if the victim isn't treated within 14 days, all army, newspaper and radio facilities bent every effort to locate the man.

The Los Angeles Times telephoned to inform us that it had been notified that a Pvt. John Smolar had displayed a hand bitten by a dog to some friends in Long Beach and he had told them that it had happened at his home near Pittsburgh.

Smolar, who had just returned to the post the day before from his furlough, was found. He had been bitten. It had happened 20 miles from Pittsburgh, but the dog was his own and it had happened when playing with the dog.

A coincidence, yes, but too close to home in this case, so as we said before, we are glad that Pvt. Smolar did not become a celebrity. We hope, however, they found the right guy.

BIT OF COLOR

Speaking of Easter glad rags again, three enlisted men will have a bit of color to pin on their chests. Service ribbons have been

authorized for T-Sgt. Mark H. Hopp for the American theater and Asiatic-Pacific theater; to T-Sgt. Charles E. Perry for American theater and European-African-Middle Eastern theater, and to M-Sgt. Douglas C. Reiter for American theater and Asiatic-Pacific theater.

PROP WASH

Sgt. Joe Procaccini back from furlough. . . Pvt. Alfred J. LaFrance off for aviation cadet basic training. . . the Post's new post office is now open. . . Lt. Edgar L. Sinnott is the postal officer. . . it is rumored that Acting 1st Sgt. Jack Tick has a complex about flashlights. . . and have you heard about 1st-Sgt. Fielding E. Ballard, Jr., and his motorcycle riding? . . . Sgt. Ottmar Leissner, Slim to you guys, killed a snake the other day, . . he swung a club faster than a P-38's revs per minute. . .

ON THE LABOR FRONT

The China Clipper crews had more time in the strawberry patches last week with the result that we again breakfasted on strawberries and cream and had strawberry shortcake.

From what we hear, further pursuits into the realms of agricultural and fruit domains by the kitchen forces are in the offing. The two staff sergeants in charge of the mess under Lt. Maurice H. Conn have found new fields to conquer, dispatches from the front reveal.

According to the irrepressible Francis Harold O'Grady and the man of few words Wayne Seuntjens, a cherry orchard has been located and the boys are seeking the owner to see if he, too, is bothered with labor shortage.

Let's hope they succeed. While on the subject of eating, it is also reported somewhat authentically that we will be dining in the new mess hall before April says adieu.

STILL AT THE TABLE

Our tape worm must be asserting itself because it is on the subject of eating that we still linger. Eight of our kitchen help left to attend Cooks and Bakers school while one has returned after completing the course. The men who left are Cpls. Julian E. Czaplicki and Joseph E. Schlitz and Pvs. William G. Brunk, Russell G. Hatcher, W. I. Mooney, Jr. Robert F. Shepard, Fred E. Smith and Albert A. Spalla. Pfc. Winifred Reicheld is the man who returned.

Another group of eight men also left for school, but these chaps are learning to be army clerks. They are S-Sgt. Peter Artale, Sgt. Verl C. Whitten, Cpls. Earl D. Emery and Earl C. McClellan and Pfc's Theodore Borges, John S. Pantaleo, John P. Riehel and James F. Seibold.

HUGE SUCCESS

The party at the N. C. O. Mess which the members tossed for the officers was a huge success in every respect. Sgt. William G. Bloodworth was the master of ceremonies and entertainment was by Cpl. Bud Proctor and his accordion, Pfc. Irving Arluck at the piano and Pvt. Chet Summers, Torney hospital's crack musician.

There were speeches made, too, but Operative XYZ forgot to make notes of what was said.

ENTERTAINERS FOUND

Entertainers from our ranks are gradually being ferreted out. If you like your music western a la T-Sgt. Gene Autry, we have it. Pfc. Donald Vedder, who learned his range ballads in New York, sings up a pleasing batch. He appeared at the weekly Non-Com dance with Pvt. James Walker on the accordion and Pvt. William Shifflett on the git-fiddle, or guitar.

I find the great thing in this world is not so much where we stand as in what direction we are moving.—Oliver Wendell Holmes.

If you haven't gotten around to buying a Second War Loan Bond, stop and think what it would mean to you if our soldiers hadn't gotten round to the fight.

Former Manager Of Local Airport Visits Old Home

A. R. (Gus) Parish, who operated the Palm Springs airport from 1933 to 1939, was in the Village for two days during the week visiting with old friends here.

While in Palm Springs he was a guest at the Cecil Isenagie home.

Mr. Parish is now an instructor at the army primary training school at Santa Maria.

Mrs. Stella V. Rooke Returns to Village

Mrs. Stella V. Rooke, owner of the El Nido bungalows, returned to Palm Springs this week from Whitney, Nevada, where she has spent most of the winter, and plans to remain here.

She has taken employment at Torney General hospital and will also manage her bungalows at 1478 North Palm Canyon drive.

NUMBER 8 OF A SERIES

YOUR WARTIME Gas Kitchen Counselor

The new war ration of CHEESE

There are those of us who take cheese eating to heart—and those who could let even an all-out cheese rationing pass gaily by. True, good cooking cheese—like American (Cheddar) is rationed down to pretty small bites, but even the cheese fancier can struggle along with the non-rationed cream cheeses, Brie, Blue, Neufchatel, Liederkranz and the others.

If you have leaned heavily on this aristocrat of foods—you will now need to adjust your menus considerably, both from the "taste" standpoint and nutrition. Because cheese is particularly high in proteins and comes close to milk as the almost perfect food.

You can stretch your ration allowance in numerous ingenious ways: by grating it to make cheese dumplings, pastry toppings for vegetable pies or casserole dishes, or as the added touch to white sauce for vegetables. Again, instead of macaroni-and-cheese, see your cookbook for good substitute main-dishes high in proteins.

An Investment for every Purse

Another Plea For Coat Hangers Is Heard in Village

Mr. and Mrs. Kenneth DuBose plan to do something about it.

Because so many service men coming into the Village come into their two stores—the Village 5 and 10 and the Thrifty 5, 10 and 25—asking for coat hangers and because these are now almost impossible to obtain commercially, Mr. and Mrs. DuBose will make their stores clearing houses for coat hangers, free of charge, for service men.

Anyone with an accumulation of coat hangers around the house is asked to bring them to either of the stores and they will see that servicemen get them, without cost, to the soldiers.

"People used to take excess coat hangers out and burn them," DuBose said. "There surely should be a lot of them kicked around the homes here. The service men need them. They can't hang their clothes on a nail and keep said clothing neat enough to meet regulations."

Miss Kerner Trains Junior Choir for Community Church

Miss Blanche Rose Kerner, widely known Palm Springs music teacher, has organized a junior choir for the Community church, donating her services, and now has an enrollment of 32 preparing to take part in the 11 o'clock Easter morning service at the church.

The choir will also take part in the Mother's and Children's Day programs.

Miss Kerner, a doctor of music, recently moved from 131 Morongo road to 202 South Cahulla, next door to the Community church manse. She has opened her studio there where she is accepting students, both adults and children in piano and voice.

She is also taking beginners in strings, woodwinds, brass and percussion instruments.

County Educators At State Session

County School Superintendent E. E. Smith and other educators from Riverside county were in San Francisco last Saturday to attend an all-day meeting of the California State Teachers' Council, called to discuss proposed school legislation at Sacramento.

Every duty brings is peculiar delight, every denial its appropriate compensation, every thought its recompense, every cross its crown; pay goes with performance as effect with cause. —Charles Mildmay.

During the last war the mail-order price for a pair of overalls rose from 82c to \$2.95, and at one time a 10-pound bag of sugar cost \$2.67.

Aid to Enemy

"Any American who willfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.

Palm Springs High School Smoke Signal

Indians, Cougars To Tangle Again For League Honors

BY HERB LIENAU

The Palm Springs Indians and Beaumont Cougars are, for the second time this year, battling each other for the league championship. The first time they clashed for a championship this year was for the basketball title. The Beaumont Cougars managed to nose out the Indians.

Once again the Indians are to face the Cougars in a play-off game to decide the E. R. C. L. baseball championship.

The tie came Monday when the Cougars defeated the Indians, 3-2. Playing in occasional downpours of rain, the Indians pushed the Cougars throughout the entire game.

Don Gabrielsen started the game off right for the Indians by smashing a well placed hit out into center field, and later in the inning scored. The only other score for the Indians came when Joe Sandeffer, on a squeeze play, slid beautifully into home.

The Cougars, playing on their home diamond, were a definitely improved team since the last time the two teams met. Although the date and place has not been definitely set, the Indians and Cougars are scheduled to meet once more to decide which team will be the '43 champs.

The starting line-up for the Beaumont game was as follows:

Catcher, Sandeffer; Pitcher, Gil Smith; First Base, Don Gabrielsen; Second Base, Herb Lienau; Third Base, M. Smith; Shortstop, A. Jurado; Left Field, D. Moseley; Center Field, Bill Foster; Right Field, Don Whitehead.

Editorial . . .

"Hot rods" and "hopped up" cars are very exciting, but also very dangerous, especially when driven at excess speed.

"Pinky" Richmond and Son published in March 1943 California Highway Patrol a poem, from which we should like to produce the following lines:

All kinds of gadgets and a "Wind-field Pot" No windshield on it, and the brakes were shot. He could peel rubber in high when others could not, There was no doubt about it, his car was HOT.

Shifting of gears, to him was an art, In a race with him you were shipped from the start. But all thing must start, and all things must end, Even iron will give and steel will bend.

So he got his on Saturday night, He was feeling good and his motor right. Now he really shouldn't have tried to pass, But he dropped into second and gave it the gas.

A deafening crash that was heard for a mile And two automobiles were heaped in a pile. His had turned over twice and burned on the spot. There was no doubt about it, HIS CAR WAS HOT.

Too many highway tragedies are the result of carelessness, thoughtlessness, and inordinate love of "hot" cars.

Always remember when you get that certain urge to enjoy a "hot" car that the thing may get too hot for you and others unfortunate enough to be with you. Then it will be too late to wish you had been more sensible.

—BY ROBERT ROY

Students of Palm Springs High Dig In As School Year Approaches Goal Line

With but a few weeks of school left, the students of Palm Springs high school are digging in, trying to get their grades up to par, but they are also realizing that they will not see very many friends when school is out, so they are trying to do the impossible by mixing work with pleasure.

The seniors are making their work a pleasure because this is their last year of high school and they are now beginning to realize that school is not so bad as it seems.

PUTTING ON PLAY

This graduating class is putting on a play entitled "June Mad," and from the latest reports they are coming along fine and they expect to have the best play ever given by this school which, incidentally, is quite a big order.

Soon will come the usual hubbub that accompanies closing exercises. Seniors will get excited and will run around looking for nothing in particular but everything in general. The play cast will be running around trying to cram that hard part of the play into their heads. Prop managers and assistants will be worrying about props. Where can he get such and such and can he get it in time. Miss Brown, the director, will be running around trying to get the cast to study their lines. All this time the Junior class is,

running around, frantic because they have less time than ever for the prom.

MUCH IN FUTURE

In spite of the worrying and the headaches to be had by the mighty senior class, they have an awful lot to look forward to.

First will come the prom where the girls are looking their best and the boys are just looking and also where everybody is having a good time. Next will come the senior play where will be amateur acting at its best. Third will come baccalaureate, with the seniors looking forward to graduation and in the case of some boys looking further ahead to a short career in the army. Last but hardly least will come graduation with the boys and girls, or rather the young ladies and gentlemen, walking up to the platform in their caps and gowns looking very proud, yet sad.

Nevertheless, you may bet your bottom dollar that everybody is looking forward to a nice long vacation and a well earned one.

Tahquitz Twister Shows No Respect For Education—Raises Roof at School

BY ARTHUR BUSHNELL

Palm Springs high school sometimes has a difficult time keeping a roof over its students' heads.

A large section of the roof over the showers in the boys' Gym was torn off in a recent wind storm.

Whether this metal roof had been inspired by the lore of the famous legend of the flying carpet, or whether it attempted to imitate the actions of a Flying Fortress has not been determined, but several large sections of the roof were found at a distance of 500 yards, resting on the campus of the Junior high school. The long sections of the metal roof were twisted into wierd shapes

prior to their skyward flight.

Coach Wood Glover and Paul Summers, science instructor, rescued the wandering roof, and on Saturday, April 10, they fastened it back in its former position.

While the roof was missing, a new feature was introduced at P. S. H. S., that of taking a shower and bathing in the ultraviolet rays of the warm desert sun at the same time.

May We Introduce . . .

This week—An intelligent Senior fellow with a knack for running public address systems.

Statistics—Age 18, height 5' 11½", and he weighs approximately 140 pounds. His hair is "carrot" red and his eyes are brown. He was born in Long Beach, Calif., on Jan. 16, 1925.

Nuts about—Danceable music, good movies (like "Air Force") and "My Car," he said.

Dislikes—Receiving hot roots from one William A. Curtis in physics, and broccoli.

Nickname — "Clare" or sometimes "Nick."

Pals with—Jack Hoover, Bill Curtis, Bill Gilbert and Herb Lienau.

Favorites — Sports, football; Foods, turkey, baked potatoes and Spanish foods; Pastime, working at Simpson's Radio Shop; Record, "My Buddy" by Alvino Rey; Band, Freddie Martin.

Characteristics — The musical horns that adorn the front of his "jalopy."

Wants to meet — President Roosevelt, because he is such a great American.

Remarks — A very friendly, likeable chap with a sunny disposition to match his red hair. Also the chief record twirler of PSHS.

May we introduce — Clarence Nicholson.

MARTI ROBINSON

"Do you think your young man has matrimonial intentions?" "I certainly do, Father. He tried to convince me last night that I looked prettier in that \$2 hat than in the one that cost \$20."

Redlands Speaker Wins Lions Club Oratory Contest

Winner of three decisions in the Lions Club Student Speakers Contest, Bill Gilbert was finally edged out of competition by Leiland Purvis, senior at Redlands high school. Bill met Purvis in a match held in the Palm Springs high school auditorium Tuesday evening, April 13.

The contest Tuesday was a rematch for an earlier contest held at Banning, at which time the contestant from Redlands did not appear, and at which time Bill Gilbert was declared winner by default. Redlands, claiming that it did not receive notice on the original meeting, asked for a repeat contest, and Palm Springs yielded to their request.

Some points brought out in the winning speeches on the topic, "After the War—What?" were that America should not make the mistake of not planning for the peace and that America would have to make sacrifices to insure the peace as well as to win the war.

Mr. Francis Crocker served as chairman for the Palm Springs meeting. Delegations from Redlands and Palm Springs provided an enthusiastic audience for the speakers. Judges for the contest were selected by Mr. Frank Bishop, superintendent of schools at Corona. They came with Mr. Bishop to Palm Springs for the Tuesday meeting from Corona, Chino and Riverside.

Blind Entertainer Will be Heard at P. S. H. S. April 28

Charles Collins, famous sightless entertainer, will be featured at the Palm Springs high school on April 26. He will present an act to the Student Body which will consist of an inspiring talk on the problems of the blind, an explanation dealing with the Braille system, some piano compositions and other entertaining features. Mr. Collins is a graduate of the University of Idaho, and he has spent much of his life in giving talks about the blind and composing rollicking songs.

A visiting specialist was taken to the cubicle of a mental case who thought he was a king. "I know I am a king," the man explained. "Satan told me so." At which a furious voice sounded from the next cubicle: "I told you nothing of the kind."

Carolyn Purcell Wins G. A. A. Award At High School

BY MARTHA MCCARN

Carolyn Purcell received the coveted G. A. A. award, a chenille white and maroon star, for being the most outstanding girl in P. S. H. S. Athletic Association.

Carolyn has participated in G. A. A. activities for three years. Not only has she displayed ability in all girls' sports, but her cooperative and enthusiastic spirit has been an inspiration to the girls of P. S. H. S. This year Carolyn has served as Girls' Athletic Association Federation president.

POSTER COMMEMORATES BATAAN DAY

BROOKLYN, N. Y.—More than 20 canvases, including the above commemoration of Bataan Day, have been contributed by a score of distinguished American artists for a traveling exhibition throughout the country to stimulate the purchase of War Bonds. The painting pictured here, by Alexander Brook, is one of those currently featured at the "Art for Bonds" exhibition of the Brooklyn Museum.

The teacher was teaching a kindergarten class and was making her pupils finish each sentence to show that they understood her.

"The idol has eyes," she said, "but it could not—"

"See," cried the children.

"It had ears but it could not—"

"Hear," was the answer.

"It had lips but it could not—"

"Speak," once more replied the children.

"It had a nose but it could not—"

"Wipe it," shouted an enthusiastic pupil.

On pound, or 31 tablespoonsful of waste cooking fats will produce the glycerine, processed as an explosive, required to fire four 37 mm. anti-aircraft shells.

Only free peoples can hold their honor steady to a common end, and prefer the interests of mankind to any narrow interest of their own.—Woodrow Wilson.

Since the Nazi occupation of Denmark, customers at barber shops in many places bring their own towels—Danish towelings has gone to Germany.

Patience is a tree whose root is bitter, but its fruit very sweet. —Persian.

This Is a "House" Ad.

The Desert Sun is so thoroughly "sold" on the effectiveness of display advertising that it uses valuable space to advertise the only things it has to sell, viz: "Advertising, Subscriptions, and Commercial Printing." Such ads. are known as "House Ads" in newspaper parlance.

AND — We are getting splendid results from our ads. published exclusively in The Desert Sun.

Right now we wish to remind Palm Springs winter residents who have been buying their paper at the news stands, to subscribe for the summer. The subscription price is only 65c for 3 months, \$1.25 for 6 months, or \$2.50 a year. The Desert Sun will then follow you wherever you go.

Incidentally, the regular advertisers make no mistake by continuing their ads. in the Desert Sun throughout the summer because we stay on the job right here in Palm Springs all summer in order to give the readers a first class newspaper. Last summer each issue contained eight standard size pages or more.

And don't forget, it will pay you to order next season's supply of printing before you leave for the summer. Then our printers and pressmen can do the work when they are not rushed as much as they are during the busy winter season. We keep our entire staff on the job all summer.

Yes, we know it pays to advertise.

The Desert Sun
Phone 3594

Cats, Dogs, Horses, It's All in Day's Life to Dr. McRory

Dr. O. B. McRory, city humane officer, reported to the council Wednesday night on activities during March. In that time, he said, there were:

Seventeen stray dogs picked up, eight of which were claimed by their owners, eight of which were placed in desirable homes and one destroyed because of incurable disease.

Ten dogs reported lost at least four of which were recovered by their owners.

Five stray cats picked up, two destroyed because of disease and three placed in homes.

Two stray horses picked up, unclaimed by owner and sold at auction for \$15.

Bill to Increase County Salaries Meets Opposition

Increasing the salaries of county supervisors and auditors and decreasing that of the district attorney, as recently requested by the board of supervisors in their action for amendment of the Riverside county government bill at Sacramento, has been given the "thumbs down" signal by the county grand jury and is also to be reconsidered by the assembly committee which acted upon it favorably last week, because of protests received by Assemblyman Nelson S. Wilworth, it was revealed yesterday at a meeting of the supervisors.

The grand jury yesterday sent the board a copy of a resolution which they have forwarded to Governor Earl Warren, asking his veto of any salary change amendment to the county government bill as "inadvisable" at this time.

BILL HELD UP

The supervisors also received from Assemblyman Dilworth, through whom they placed the proposed amendments in committee at Sacramento, a wire stating "on account of protests received will return bill to committee today."

Discussion among the supervisors was heated concerning the matter, proponents of the plan holding that the "job of county supervisor is worth \$250 per month." Supervisors Ralph W. Stanfield of Corona, Floyd E. Gilmore of Hemet and R. E. Dillon of Beaumont were those favoring the salary change bill. Supervisors Walter V. Pittman and Ed Hill of Riverside opposed the plan.

MOTION IS LOST

Pittman, seconded by Hill, moved that reference to the increase of salaries of supervisors and county auditor be deleted from the bill, but this was lost by a three-two vote on roll call.

The bill provided for increasing the salaries of supervisors from \$2100 to \$3000 per year; the county auditor from \$3600 to \$3900 per year; and decreasing the salary of the district attorney from \$5000 to \$4200 per year.

Full-Time Health Officer Is Sought For Palm Springs

With Palm Springs steadily gaining in military population and with indications that this summer will see continued activity here, city officials were studying the possibility of obtaining a full-time health officer for the Village.

Since the resignation of Nathan Basson last fall to enter war work, the city has been served on a part-time basis by a deputy health officer who is able to devote but a portion of his time here.

City officials have started negotiations with Dr. Warren Fox, county health chief, to determine if a full-time health deputy could be designated to the Village area.

They believe the need to be great.

The matter was brought to the attention of city council Wednesday night when a communication from County Clerk G. A. Pequegnat was read asking the city's intentions on renewing an agreement with the county for health service.

Because of the inadequacy of present arrangements, it was decided to extend the agreement to the end of the fiscal year only. Plans for a more thorough health service will be studied in the interim.

Real Estate Here Continues in High Demand Is Report

Muriel E. Fulton, local real estate broker, reports brisk activity in March with a sales record of more than \$100,000 worth of property including one of the leading income properties in the Village.

All indications, she said, point to continued activity here and a stabilization of all present values and a very bright outlook for Palm Springs property owners.

George King Returns To Village on Visit

George King, who formerly operated a tailor shop here under the name of King, the Tailor, but who spent last summer and winter at Estes Park, Colorado, returned to Palm Springs this week and expects to remain here a few weeks.

His wife, Kitty King, is employed at Long Beach. She was formerly a nurse in the office of Dr. Percy A. Staley here.

BUILDING PERMITS

FILE INTENT NOTICE

A notice of intention to wed was filed at the Riverside county court house Thursday by James William Campbell, 26, of Palm Springs, and Patricia Ann Carpenter, 20, of Denver, Colorado.

Pay Telephone Bills before the 30th and receive your discount.

\$1,000,000 Project Under Construction Through the Pass

To speed up traffic over the Southern Pacific lines between Colton and Indio a project, on which the material alone will cost over a million dollars, is now under construction through the San Geronimo Pass.

FOR JULIA—Ann Sothorn in "Three Hands for Julia" at the Plaza theater for three days starting April 22.

Congressman Calls Off Proposed Trip To Home District

Congressman John Phillips, who thought he saw an opportunity to get away from his desk at Washington for a few puffs of California air by visiting his home in Banning, has changed his mind, according to information received in the county.

In a wire to Donald G. Adams, Phillips stated that the congressional "recess" planned before and after Easter had been cancelled, and that accordingly his contemplated trip would not be attempted.

A similar message was received over long distance phone by C. W. Valentine, member of the state Republican central committee. He added that the press of urgent legislation made it inadvisable to leave the national capital for the two weeks that appeared to offer him opportunity to confer with his constituents regarding matters that are pending in congress.

Del Tahquitz Dance Application Okeyed

Council Wednesday night approved the application of Mrs. Billie Lipps of the Del Tahquitz hotel for a dance permit for last night.

The occasion was a dinner meeting of the Palm Springs Lions club, and since there was no charge for the dance, the fee was waived.

Ordinance Regulating Donations Repealed

An ordinance repealing ordinance No. 88, introduced by Councilman Eugene E. Therieau, was adopted by city council Wednesday night. The measure had regulated the solicitation of donations for charitable purposes.

A section of the repealing ordinance provided that no cases arising under the old ordinance would be affected by its repeal.

The latest thing in men's clothing this last summer seems to have been women.

Lions and Ladies Enjoy Successful Evening Meeting

Almost one hundred Lions and their ladies gathered at the Del Tahquitz hotel last night for dinner, entertainment and dancing at a highly successful Ladies' Night party.

President Clarence Hyde presided as Master of Ceremonies at the barbecued chicken banquet. After dinner a highly entertaining show was staged in the main dining room followed by a dance.

The nominating committee filed its report and the next president of the club will be Culver Nichols, unopposed for the honor. The annual election will be held next month.

Red Cross...

(Continued from page 1) response to last month's campaign had not been so favorable.

RESULTS IN COUNTY

Members of the armed forces, who were counted on for \$10,000, have contributed \$22,173 to date, it was stated. The branches, with their quotas and amounts raised were listed in the latest tabulations as follows:

	Raised	Quota
Banning	\$2693	\$2550
Beaumont	2152	1700
Blythe	3800	2550
Coachella	1436	2550
Chuckawalla	215	255
Corona	3129	8500
Elsinore	1519	2125
Hemet	6010	4250
Indio	3393	2550
Mountain	250	170
Norco	646	850

City Renews Lease On Its Headquarters

Mayor Frank V. Shannon and Acting City Clerk Louise McCann were authorized by the city council Wednesday night to enter into a renewal of the city's lease with Herbert J. Carpenter of Franconia, N. H., for the property where the city hall is located.

City council voted at its April 7 meeting to exercise its option to renew.

Action on Rationing Board Cooler Deferred

The matter of a cooler for the war price and rationing board headquarters at 622 North Palm Canyon drive was deferred when council met Wednesday night pending word from Katherine Burke, owner of the property, on the lease.

Councilman John Connell reported to council Wednesday night on the type of cooler required for the office rooms.

Howard Olson III at Gate City Hospital

Howard Olson, manager of the Southern California Gas company's office here is in a San Bernardino hospital, reported recovering from a major operation which will keep him from his duties here for approximately two months.

Mr. Olson was taken to the hospital Thursday.

APPROVE EXPENSES

City council Wednesday night approved the expense account of Constable Clarence Templeton for conveying city prisoners to the county jail from January 1 to April 1, but asked that hereafter the account be submitted monthly instead of quarterly.

An old man who was everlastingly complaining about his feet hurting, was asked if his shoes weren't too tight.

"Yes, they are," he replied. "Then, why don't you get larger shoes?" asked the stranger.

"Well, you see it's this way," replied the old man. "My wife is dead, my son is a loafer, my daughter eloped with a bum, my automobile tires are worn out and the finance company has taken my radio back, so about the only pleasure I get out of life is to get home and take these darned shoes off."

Bobby—Our family comes from all over the world.
Betty—How's that?
Bobby—Dad comes from America, Mom from England, the maid from France, the cook from Sweden, the Nurse, Canada, and the baby wails.

Loving-kindness is greater than laws; and the charities of life are more than all ceremonies.—Talmud.

Ordinance on Gas Connections Held Up for New Study

Action on an ordinance regulating gas connections, requested by the Southern California Gas company to prohibit turning on or off of gas by unauthorized persons, was deferred by city council Wednesday night.

Councilman Eugene E. Therieau reported that he had investigated and thought the measure advisable but wanted to get the reaction of the entire public safety committee before making a recommendation.

It's Two Stripes Now For Edison McDaniels

Edison McDaniels has been promoted to the rank of corporal, according to word received here this week by his mother.

He is with the army air corps, stationed at Camp Swift, Texas.

Mr. and Mrs. Henry Wick entertained Saturday noon at the Desert Inn for Mr. and Mrs. Frank Alcott, Mr. and Mrs. William McAdams of Boston and Mrs. Marian Miles of Cleveland.

Start Campaign To Rid City of Unsightly Signs

In an effort to keep the Village attractive, Ray Sorum, director of public works, this week launched a campaign against illegal signs and dilapidated and illegible signs which line the highway at either entrance and in town.

Many of the signs were erected in ignorance of the city law which specifies that a permit must be secured before a sign can be erected and which regulates the signs which may be put up. Mr. Sorum said that in practically all cases where such signs have been erected, property owners were eager to cooperate and either bring the signs within the law or remove them.

The drive is also aimed at old signs, weather-beaten and defaced, which mar the attractiveness of the Village.
